**AUDIO CONFERENCE INVITATION
HURRICANE KATRINA**

TO: All AIG Programs Administrators

FR: David A. Jordan, Senior Vice President
Division Executive

RE: Invitation - Audio Conference re Hurricane Katrina
Friday, September 9, 2005
10:00 AM Eastern Standard Time

By now you will have seen and heard from multiple sources that Hurricane Katrina will rank as one of the top two or three most destructive events to occur in our country in its history. The enormity of destruction, death, disaster response, and frankly, compassion and recovery, surpass anything any one of us has seen in our lives and careers.

From an insurance perspective, the damage estimates range to upwards of \$45-50 billion with some forecasting higher. Individual markets, including publicly-traded companies like AIG, are struggling to quantify the loss potential while at the same time grappling with the logistical issues surrounding getting adjusters into the damage zones, fielding customer inquiries, and putting financial assistance into the hands of policyholders.

AIG Programs will host an audio conference call this Friday, September 9, at 10:00 AM EST so that you can hear first-hand from our senior claims and insurance executives about our response to this disaster. Joining me from AIG Programs and Lexington Insurance Company will be:

- David Crowe - Senior Vice President and Chief Claims Executive, Lexington Insurance Company
- Steve Couto - Vice President-Property Claims, Lexington Insurance Company
- Vince Pugliese - Senior Vice President and Chief Operating Officer, AIG Programs
- Paul Hershey - Vice President and Chief Underwriting Officer, AIG Programs
- Jim Parker - Vice President and Chief Property Officer, AIG Programs
- John Moran - Vice President and Product Line Officer-Personal Lines, AIG Programs

The call-in number is **1-866-759-1279**. The participant passcode is **8012380**. At this time we have 20 phone lines reserved for this call, but we can add more if need be. Please respond to this e-mail invitation if you intend to dial in so we can get an accurate count of phone lines.
