Revised North Dakota Amendatory Endorsement, CO 0399 07 17, for Commercial Output Program has been approved with an effective date of December 1, 2017.

### BACKGROUND

In response to North Dakota House Bill 1302, AAIS has filed a revised amendatory endorsement for Commercial Output Program. This amendatory endorsement is revised to track with the changes to North Dakota's valued policy law.

Please refer to Bulletin 17-0277, which provides a mock-up of the revised amendatory endorsement.

### EFFECTIVE DATE AND FILING NUMBERS

The revised amendatory endorsement is available for use in North Dakota effective December 1, 2017. Refer to filing number AAIS-2017-38COPF and State tracking number 17080804 in all correspondence directed to the insurance department.

### COMPANY ACTION

The Company Action sections prepared for the AAIS bulletins issued to announce the approval of a filing or the availability of new or revised materials have been expanded to provide specific instructions for a broader range of variables.

The action needed to adopt or not adopt each filing depends on the extent to which the company has granted AAIS filing authority and the company's specific intent, as well as other possible variables. The Company Action information that follows should be reviewed carefully with respect to the action needed to adopt or not adopt the new or revised materials that are the subject of this bulletin.

The AAIS filing submitted in this state advised the insurance department that the materials may be provided to affiliated companies in an electronic format. The department was informed that due to differences in printer configurations or other hardware or software differences, the cosmetic appearance of the material may be altered slightly when produced by another system without affecting the content.

- Companies that have granted filing authority to AAIS for forms and endorsements for this line of insurance:
