COMPANY ACTION

The Company Action sections, prepared for AAIS bulletins issued to announce the approval of a filing or the availability of new or revised materials, have been expanded to provide specific instructions for a broader range of variables.

The action needed to adopt or not adopt each filing depends on the extent to which the company has granted AAIS filing authority and the company's specific intent, as well as other possible variables. The Company Action information that follows should be reviewed carefully with respect to the action needed to adopt or not adopt the new or revised materials that are the subject of this bulletin.

The AAIS filings submitted in this state advised the insurance department that the materials will be provided to affiliated companies in an electronic format. The department was informed that due to differences in printer configurations or other hardware or software differences, the cosmetic appearance of the material may be altered slightly when produced by another system without affecting the content.

Forms and Endorsements

Companies that have granted filing authority to AAIS for forms and endorsements for this line of insurance:

- can adopt an AAIS forms and endorsements filing, without modifications, on the effective date designated by AAIS without notifying the New York State Department of Financial Services (NYDFS);
- can adopt an AAIS forms and endorsements filing on a later effective date by establishing an effective date and notifying the NYDFS at least 30 days before the effective date designated by AAIS;
- can modify an AAIS forms and endorsements filing by establishing an effective date and submitting their modifications along with a reference filing to the NYDFS at least 30 days before their chosen effective date; or
- can choose not to adopt an AAIS forms and endorsements filing by notifying the NYDFS at least 30 days before the effective date designated by AAIS.

Companies that have not granted filing authority to AAIS for forms and endorsements for this line of insurance:

- can adopt an AAIS forms and endorsements filing by establishing an effective date and making a reference filing with the NYDFS at least 30 days before their chosen effective date; or
- can choose not to adopt an AAIS forms and endorsements filing without notifying the NYDFS.

A reference filing should contain only the filing reference numbers. Copies of AAIS filed and approved materials should **not** be included in a reference filing.

Include the AAIS and state file numbers in all correspondence with the NYDFS.
