RE: Commercial Property
 Delayed Adoption
 PIAL Commercial Property Rate Revision

Dear Ms. Caraballo:

Pursuant to La. R.S. 22:1451(B), the Louisiana Department of Insurance (LDI) Office of Property & Casualty, Rating Division approves LDI Rate Tracking Number 689880.

This approval is effective February 1, 2018 for both new and renewal business.

To assist the LDI in addressing any consumer inquiries or complaints related to this rate and/or rule filing, please enter and/or confirm the current name, phone, fax number and email address of the appropriate company contact person through the LDI web-based Industry Access Portal.

Sincerely,

Darlene Chachere
 Insurance Specialist, Rating Division

CHANGES

This filing revises rating Rule 85. Basic Group 1 Class Rates in the Commercial Fire and Allied Lines Manual in response to H.B. 392

COMPANY ACTION

If you have authorized us to file on your behalf and decide:

- To use our revision and effective date, you are NOT required to file anything with the Louisiana Department of Insurance.
- To use our revision with a different effective date, to use our revision with modification, or to NOT use our revision, you must make an appropriate submission with the Louisiana Department of Insurance.

In all correspondence with the Louisiana Department of Insurance regarding this revision, include the PIAL and/or State Filing Designation Number.

MANUAL DISTRIBUTION

Insurance Service Office, Inc. will print and distribute revised manual pages prior to the effective date. A complete copy of the filing is available at the PIAL website using the Compliance Filings Library. Circular notification is available by e-mail only. Register to receive electronic notification at the Compliance Filings Library at www.pial.org.

Louisiana Rating Rule Revised

About This Filing

This filing revises rating Rule **85**. Basic Group I Class Rates in the Commercial Fire And Allied Lines Manual in response to 2017 La. Sess. Laws __ (former H.B. 392).

Revised Rating Rule

- ◆ Division Five – Fire And Allied Lines
 - Rule 85. Basic Group I Class Rates

We have used a format of ~~striking through~~ deletions, underlining additions and inserting a revision bar in the left margin to indicate changes.

Background

2017 La. Sess. Laws __ (former H.B. 392), which becomes effective August 1, 2017, in part, provides that: "No insurance company shall combine a higher classified public fire protection area with a lower classified public fire protection area for the purpose of determining the fire insurance rate for the combined public fire protection areas

Explanation of Changes

We are revising the state exception to rating Rule **85**. to reflect the requirements in 2017 La. Sess. Laws __ (former H.B. 392).

Actuarial Support

In response to 2017 La. Sess. Laws __ (former H.B. 392), we have revised the rating procedure for Rule **85.L.3** Basic Group I Special Class, which had combined rates for a higher classified PPC with a lower classified PPC. The new rule uses the current PPC 5 rate as a base rate and applies the appropriate PPC factor from table 85.I based on applicable Protection Class. This same rating procedure is used for Basic Group I class rating for classes other than those in the Special Class table.

Overall Impact

Due to the low premium volume of Special Class risks, the impact the program has on the overall rate level by territory is small. We will not be adjusting any of the base rates due to these changes.

LOSS COSTS/RATES

85. BASIC GROUP I CLASS RATES

DEVELOPMENT OF BASIC GROUP I CLASS RATES

1. To calculate applicable Basic Group I Class Rate, multiply the "Base" Rate selected according to CSP Class Code and construction from Item 2. below by the Public Protection Class Factor from **Table I**. Property must be located within the boundaries of a graded area: Municipality, Fire District, or Fire Protected Territory and located within seven road miles from a responding fire station and located within 1,000 feet of a standard fire hydrant. Hydrant distance requirement is waived when the protection classification includes credit for water hauling capabilities. Properties not meeting these requirements use Public Protection class Factor Rate Group 10. Basic Group I Special Class rates from Rule 85.L.3. are subject to Public Protection Class Factors. All rates are subject to Territorial Multipliers that appear in this rating rule after the Basic Group I class rates.
