SPECIAL NOTICE

The Alaska Division of Insurance has asked that we notify participating insurers that adopt ISO forms or form-related rule revisions that they must accept the explanatory materials in the ISO filing submission. The Division will consider insurers that do not accept the explanatory materials as deviating from the ISO filing. These insurers must explain their deviation as they would in any other form or form-related rule revision. The Division will assume that insurers that have provided ISO with filing authorization have accepted the explanatory materials in filings ISO makes on their behalf unless the insurer provides a written explanation for the deviation. Insurers that have not provided ISO with filing authorization must include in their adoption letters to the Division a statement either acknowledging that they are accepting the explanatory materials that were part of the ISO filing, or an explanation for their deviation.

RATING SOFTWARE IMPACT

Refer to the circulars in the Reference(s) block for the impact of the multistate filings.

POLICYHOLDER NOTIFICATION

If you decide to implement this revision, you should check all applicable laws for the state(s) to which this revision applies, to determine whether or not a specific policyholder notice requirement may apply. Please note that circular [LI-CL-2018-044](#) contains the ISO Guide To Renewals With Changed Conditions For Commercial Lines, which is available only as a guide to assist participating companies in complying with various conditional renewal statutes or regulations, for the major commercial lines of insurance serviced by ISO. The information in the Guide does not necessarily reflect all requirements or exceptions that may apply, and it is not intended as a substitute for your review of all applicable statutes and regulations concerning policyholder notification.

Dear Mr. Pawlowski:

Pursuant to Section 1855.1 et. seq. of the California Insurance Code ("CIC") and Section 2195.1 et. seq. of Subchapter 1.5, Title 10, Chapter 5 of the California Code of Regulations ("CCR"), INSURANCE SERVICES OFFICE, INC. submitted for approval the above-referenced filing(s) to the Department of Insurance.

You are advised that the Department has completed its consideration and review of the filing(s) pursuant to the above cited statutory provisions and has found that the form(s) does not appear to contemplate activities and practices that are unfair, unreasonable, or otherwise inconsistent with the provisions of the Insurance Code. Accordingly, the form(s) submitted in the captioned filing(s) is approved for use as of the above date by INSURANCE SERVICES OFFICE, INC. insurers participating for California forms service. This approval is subject to revocation for good cause as set forth in CIC Section 1855.5 and CRC Section 2195.1 et. seq.

What is being approved is the use of the submitted form(s) by those specified INSURANCE SERVICES OFFICE, INC. insurers. The effect of this administrative action is to approve the use of this form(s) by those insurers. This action is permissive only and does not constitute a recommendation or endorsement of any form(s) approved hereby. This action of approval shall not in any way limit any civil action under the laws of this state between an insurer or agent and a policyholder, insured or claimant that may exist in relation to this form(s) or the terms thereof.

The Department anticipates that the above-referenced form(s) may have a significant impact on insurer losses. Accordingly, while participating insurers may use the form(s) as of this date, those insurers using them must submit to the Department the estimated rate impact associated with its use. The required

submission must be made on a Prior Approval Rate Filing Application and page 12, Forms, must be attached and completed. The rate impact includes, but is not limited to, a change in the rates or coverage changes (increase or decrease) which call for a corresponding offset to the rates.

If any portion of the application or related documentation conflicts with California law, that portion is specifically not approved. This approval does not constitute an approval of underwriting guidelines nor the specific language, coverages, terms, covenants and conditions contained in any forms, or of the forms themselves. Policy forms and underwriting guidelines included in this filing were reviewed only insofar as they relate to rates contained in this filing or currently on file with the California Department of Insurance. Any subsequent changes to underwriting guidelines or coverages, terms, covenants and conditions contained in any forms must be submitted with supporting documentation when those changes result in any rating impact. The Commissioner may at any time take any action allowed by law if he determines that any underwriting guidelines, forms or procedures for application of rates, or any other portions of the application conflict with any applicable laws or regulations.

This letter will be a matter of public records, and may be distributed by INSURANCE SERVICES OFFICE, INC. to its participating insurers.

Sincerely,

The Department anticipates that the above-referenced form(s) may have a significant impact on insurer losses. Accordingly, while participating insurers may use the form(s) as of this date, those insurers using them must submit to the Department the estimated rate impact associated with its use. The required submission must be made on a Prior Approval Rate Filing Application and page 12, Forms, must be attached and completed. The rate impact includes, but is not limited to, a change in the rates or coverage

changes (increase or decrease) which call for a corresponding offset to the rates.

If any portion of the application or related documentation conflicts with California law, that portion is specifically not approved. This approval does not constitute an approval of underwriting guidelines nor the specific language, coverages, terms, covenants and conditions contained in any forms, or of the forms themselves. Policy forms and underwriting guidelines included in this filing were reviewed only insofar as they relate to rates contained in this filing or currently on file with the California Department of Insurance. Any subsequent changes to underwriting guidelines or coverages, terms, covenants and conditions contained in any forms must be submitted with supporting documentation when those changes result in any rating impact. The Commissioner may at any time take any action allowed by law if he determines that any underwriting guidelines, forms or procedures for application of rates, or any other portions of the application conflict with any applicable laws or regulations.

This letter will be a matter of public records, and may be distributed by INSURANCE SERVICES OFFICE, INC. to its participating insurers.

Sincerely,

Dear Mr. Pawlowski:

Pursuant to Section 1855.1 et. seq. of the California Insurance Code ("CIC") and Section 2195.1 et. seq. of Subchapter 1.5, Title 10, Chapter 5 of the California Code of Regulations ("CCR"), INSURANCE SERVICES OFFICE, INC. submitted for approval the above-referenced filing(s) to the Department of Insurance.

You are advised that the Department has completed its consideration and review of the filing(s) pursuant to the above cited statutory provisions and has found that the form(s) does not appear to contemplate activities and practices that are unfair, unreasonable, or otherwise inconsistent with the provisions of the Insurance Code. Accordingly, the form(s) submitted in the captioned filing(s) is approved for use as of the above date by INSURANCE SERVICES OFFICE, INC. insurers participating for California forms service. This approval is subject to revocation for good cause as set forth in CIC Section 1855.5 and CRC Section 2195.1 et. seq.

What is being approved is the use of the submitted form(s) by those specified INSURANCE SERVICES OFFICE, INC. insurers. The effect of this administrative action is to approve the use of this form(s) by those insurers. This action is permissive only and does not constitute a recommendation or endorsement of any form(s) approved hereby. This action of approval shall not in any way limit any civil action under the laws of this state between an insurer or agent and a policyholder, insured or claimant that may exist in relation to this form(s) or the terms thereof.

The Department anticipates that the above-referenced form(s) may have a significant impact on insurer losses. Accordingly, while participating insurers may use the form(s) as of this date, those insurers using them must submit to the Department the estimated rate impact associated with its use. The required submission must be made on a Prior Approval Rate Filing Application and page 12, Forms, must be attached and completed. The rate impact includes, but is not limited to, a change in the rates or coverage

changes (increase or decrease) which call for a corresponding offset to the rates.

If any portion of the application or related documentation conflicts with California law, that portion is specifically not approved. This approval does not constitute an approval of underwriting guidelines nor the specific language, coverages, terms, covenants and conditions contained in any forms, or of the forms themselves. Policy forms and underwriting guidelines included in this filing were reviewed only insofar as they relate to rates contained in this filing or currently on file with the California Department of Insurance. Any subsequent changes to underwriting guidelines or coverages, terms, covenants and conditions contained in any forms must be submitted with supporting documentation when those changes result in any rating impact. The Commissioner may at any time take any action allowed by law if he determines that any underwriting guidelines, forms or procedures for application of rates, or any other portions of the application conflict with any applicable laws or regulations.

This letter will be a matter of public records, and may be distributed by INSURANCE SERVICES OFFICE, INC. to its participating insurers.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jerome Tu".
