SOUTH CAROLINA COMMERCIAL PROPERTY EARTHQUAKE DEDUCTIBLE OPTIONS FORMS REVISION TO BE IMPLEMENTED

KEY MESSAGE

We are implementing a new and revised multistate forms filing in South Carolina.

Distribution Date: 11/2020

Filing ID: CF-2020-ODEQF

BACKGROUND

In circular [LI-CF-2020-041](#), we announced the submission of forms filing CF-2020-ODEQF, which introduced multistate deductible options for earthquake/volcanic eruption and maintains percentage deductibles in South Carolina.

INSURANCE DEPARTMENT ACTION

The South Carolina Department of Insurance has acknowledged this revision as filed.

EFFECTIVE DATE

We do not establish an effective date for forms revisions in this state. Each insurer that elects to utilize this revision is responsible for determining its own effective date.

COMPANY ACTION

ISO has not filed this revision on behalf of insurers.

You must independently determine what revision to make and when to make any revision effective. If you decide to use all or any part of our revision, you are NOT required to file anything with the Insurance Department.

You must document your files in case the Insurance Department wishes to review the information at a later date. In all internal correspondence on this revision, you should refer to ISO Filing Number **CF-2020-ODEQF**, NOT this circular number. Communications with the regulator concerning a filing affecting multiple lines of business (i.e., CL, PL, AL filing designation) should specify the line(s) of business that you are addressing.

RATING SOFTWARE IMPACT

New attributes being introduced with this revision:

- Additional information will be required from a policyholder to complete a schedule on a form.
- New edition dates of existing form numbers are being introduced.
- New forms are being introduced.

POLICYHOLDER NOTIFICATION

If you decide to implement this revision, you should check all applicable laws for the state(s) to which this revision applies, to determine whether or not a specific policyholder notice requirement may apply. Please note that circular [LI-CL-2019-057](#) contains the ISO Guide To Renewals With Changed Conditions For Commercial Lines, which is available only as a guide to assist participating companies in complying with various conditional renewal statutes or regulations, for the major commercial lines of insurance serviced by ISO. The information in the Guide does not necessarily reflect all requirements or exceptions that may apply, and it is not intended as a substitute for your review of all applicable statutes and regulations concerning policyholder notification.

REVISION DISTRIBUTION

We will issue a Notice to Portfolioholders with an edition date of 2-19 (or the earliest possible subsequent date), along with any new and/or revised forms.

RELATED RULES REVISION

We are announcing in a separate circular the approval of a corresponding rules revision. Please refer to the Reference(s) block for identification of that circular.
