## KENTUCKY BUSINESSOWNERS RULE 23. REVISION TO BE IMPLEMENTED

---

### KEY MESSAGE

Businessowners revised annual individual payroll amounts specific to Kentucky have been acknowledged.

---

### UPGRADE TO WORD AND EXCEL DOCUMENTS

ISO is currently implementing changes to our authoring and delivery systems so that **newly created** documents will be delivered in Office 365 .docx/.xlsx format. These changes will be phased in by product/service tentatively beginning in second quarter 2021. We are providing advance notification so that you may prepare your internal systems. Products impacted include, but are not limited to, documents delivered/accessed via Circulars, CLM, EFD, ERC, Filings, FIRST, Forms Library (including PolicyWriting Support Forms Instructional Supplement), IntegRater, PRM, Statistical Plans and Suite +.

---

### BACKGROUND

In circular [LI-BP-2021-005](#), we advised you that we submitted filing BP-2020-RPAY to the Insurance Department.

---

### CONSIDERATION OF COVID-19

While there will almost certainly be long-term behavioral, social and economic changes as a result of COVID-19, we expect, based on the information currently available, that those changes will have negligible and/or offsetting effects on prospective loss costs for Businessowners. Therefore, ISO is not making any explicit adjustment to the prospective loss costs referenced in this filing due to COVID-19. Additionally, the loss costs referenced in this filing do not contemplate the possibility of widespread viral resurgence or the renewal of stay-at-home orders during the period in which the newly filed loss costs will be in effect. We have assumed that any recurrence of such extreme and unpredictable circumstances would generally be addressed, as appropriate, by individual carriers.

---

### INSURANCE DEPARTMENT ACTION

The Insurance Department has acknowledged this revision as filed.

---

### EFFECTIVE DATE

The ISO revision is subject to the following rule of application:

These changes are applicable to all policies written on or after July 1, 2021.

---

## COMPANY ACTION

If you have authorized us to file on your behalf and decide:

- To use our revision and effective date, you are not required to file anything with the Insurance Department.
- To use our revision with a different effective date, to use our revision with modification, or to not use our revision, you must make an appropriate submission with the Insurance Department.

For guidance on submission requirements, consult the ISO State Filing Handbook.

In all correspondence with the Insurance Department on this revision, you should refer to ISO Filing Designation Number BP-2020-RPAY, not this circular number. Communications with the regulator concerning a filing affecting multiple lines of business (i.e., CL, PL, AL filing designation) should specify the line(s) of business that you are addressing.

---

## RATING SOFTWARE IMPACT

No new attributes are being introduced with this revision.

---

## EFFECT OF ISO REVISION ON FLEX RATING

This revision does not result in any change which would increase or decrease supplementary rating information for any classification of risks within any territory more than 25%.

A company that decides to revise its supplementary rating information should determine the overall rate level impact of its revision and any other revisions that it has implemented over the preceding 12 months. ISO has not made any revision of supplementary rating information for Businessowners over the preceding 12 months which would result in percent indications different than those contained in the attached filing.

---

## POLICYHOLDER NOTIFICATION

If you decide to implement this revision, you should check all applicable laws for the state(s) to which this revision applies, to determine whether or not a specific policyholder notice requirement may apply. Please note that circular [LI-CL-2019-057](#) contains the ISO Guide To Renewals With Changed Conditions For Commercial Lines, which is available only as a guide to assist participating companies in complying with various conditional renewal statutes or regulations, for the major commercial lines of insurance serviced by ISO. The information in the Guide does not necessarily reflect all requirements or exceptions that may apply, and it is not intended as a substitute for your review of all applicable statutes and regulations concerning policyholder notification.

---

## REVISION DISTRIBUTION

We will issue a Notice to Manualholders with an edition date of 7-21 (or the earliest possible subsequent date), along with any new and/or revised manual pages.

---

## RELATED LOSS COSTS REVISION

We are announcing in a separate circular the implementation of a corresponding loss costs revision. Please refer to the Reference(s) block for identification of that circular.
