Comments:

Only the changes specifically indicated in the application set forth above, as it may have been amended, are approved. Nothing in this letter shall constitute approval of any other application, whether incorporated by reference, or filed prior or subsequent to the application set forth above. The insurer shall begin issuing policies pursuant to this approval within 90 days of the date of this approval, provided that the insurer is licensed in California to transact the line of insurance for which the approval is given. The insurer may implement this approval earlier if it is able to do so. Regardless of the implementation date, the insurer shall implement this approval with the same effective date for both new and renewal business and shall offer this product to all eligible applicants as of the implementation date. This approval shall continue to have full force and effect until such time as a subsequent change for the referenced lines or programs may be approved or ordered by the Insurance Commissioner.

If any portion of the application or related documentation conflicts with California law, that portion is specifically not approved. This approval does not constitute an approval of underwriting guidelines nor the specific language, coverages, terms, covenants and conditions contained in any forms, or the forms themselves. Policy forms and underwriting guidelines included in this filing were reviewed only insofar as they relate to rates contained in this filing or currently on file with the California Department of Insurance. Any subsequent changes to underwriting guidelines or coverage, terms, covenants and conditions contained in any forms must be submitted with supporting documentation where those changes result in any rating impact. The Commissioner may at any time take any action allowed by law if he determines that any underwriting guidelines, forms or procedures for application of rates, or any other portions of the application conflict with any applicable laws or regulations.
