## KENTUCKY REVISED COMMERCIAL AUTO OPTIONAL CLASS PLAN LOSS COSTS TO BE IMPLEMENTED

---

### KEY MESSAGE

Loss costs representing an overall statewide level change of **+3.7%** are acknowledged.

---

### UPGRADE TO WORD AND EXCEL DOCUMENTS

ISO is currently implementing changes to our authoring and delivery systems so that **newly created** documents will be delivered in Office 365 .docx/.xlsx format. These changes will be phased in by product/service tentatively beginning in second quarter 2021. We are providing advance notification so that you may prepare your internal systems. Products impacted include, but are not limited to, documents delivered/accessed via Circulars, CLM, EFD, ERC, Filings, FIRST, Forms Library (including PolicyWriting Support Forms Instructional Supplement), IntegRater, PRM, Statistical Plans and Suite +.

---

### BACKGROUND

In circular [LI-CA-2021-024](#), we advised you that we submitted filing CA-2021-BRLB1 to the Insurance Department.

---

### IMPORTANT NOTE

These loss costs are intended for use by insurers that have implemented the Optional Class Plan (OCP).

---

### INSURANCE DEPARTMENT ACTION

The Insurance Department has acknowledged this revision as filed.

---

### EFFECTIVE DATE

We do not establish an effective date for Commercial Auto loss costs revisions in this state. Each insurer that elects to utilize this revision is responsible for determining its own effective date.

---

### IMPACT ON THE STATISTICAL REPORTING OF LOSS COST MULTIPLIER

For the purpose of reporting your company Loss Cost Multiplier under the CSP, as of September 1, 2021, if your company has implemented the Optional Class Plan, the multiplier must be based on the relationship between your gross rates and the ISO advisory prospective loss costs contained in referenced circular [LI-CA-2021-024](#).

---

---

**COMPANY ACTION**

You must independently determine the final rates you will use and the effective date of any rate change. If you decide to use our prospective loss costs to revise your rates, you are NOT required to file anything with the Insurance Department.

You must document your files in case the Insurance Department wishes to review the information at a later date. In all internal correspondence on this revision, you should refer to ISO Revision Designation Number CA-2021-BRLB1, NOT this circular number.

---

**RATING SOFTWARE IMPACT**

No new attributes are being introduced with this revision.

---

**POLICYHOLDER NOTIFICATION**

If you decide to implement this revision, you should check all applicable laws for the state(s) to which this revision applies, to determine whether or not a specific policyholder notice requirement may apply. Please note that circular [LI-CL-2021-004](#) contains the ISO Guide To Renewals With Changed Conditions For Commercial Lines, which is available only as a guide to assist participating companies in complying with various conditional renewal statutes or regulations, for the major commercial lines of insurance serviced by ISO. The information in the Guide does not necessarily reflect all requirements or exceptions that may apply, and it is not intended as a substitute for your review of all applicable statutes and regulations concerning policyholder notification.

---

**REVISION DISTRIBUTION**

We will issue a Notice to Manualholders with an edition date of 9-21 (or the earliest possible subsequent date), along with any new and/or revised manual pages.
