**SOUTH CAROLINA GENERAL LIABILITY ADVISORY  
PROSPECTIVE LOSS COST REVISION APPROVED**

---

**KEY MESSAGE**

Revised overall advisory prospective loss costs for +13.4% are approved.

---

**UPGRADE TO WORD AND EXCEL DOCUMENTS**

ISO is currently implementing changes to our authoring and delivery systems so that **newly created** documents will be delivered in Office 365 .docx/.xlsx format. These changes will be phased in by product/service tentatively beginning in second quarter 2021. We are providing advance notification so that you may prepare your internal systems. Products impacted include, but are not limited to, documents delivered/accessed via Circulars, CLM, EFD, ERC, Filings, FIRST, Forms Library (including PolicyWriting Support Forms Instructional Supplement), PRM, Statistical Plans and Suite +.

---

**BACKGROUND**

In circular [LI-GL-2021-086](#), we advised you that we submitted filing GL-2021-BGL1 to the Insurance Department.

---

**INSURANCE DEPARTMENT ACTION**

The Insurance Department has approved this revision as filed.

---

**EFFECTIVE DATE**

We do not establish an effective date for Commercial General Liability loss cost revisions in this state. Each insurer that elects to utilize this revision is responsible for determining its own effective date.

---

**IMPACT ON THE STATISTICAL REPORTING OF LOSS COST MULTIPLIER**

For the purpose of reporting your company Loss Cost Multiplier under the CSP, as of September 1, 2021, the multiplier must be based on the relationship between your gross rates and the ISO advisory prospective loss costs contained in referenced circular [LI-GL-2021-086](#).

---

**COMPANY ACTION**

You must independently determine the final rates you will use and the effective date of any rate change. If you decide to use our prospective loss costs to revise your rates, you are NOT required to file anything with the Insurance Department.

You must document your files in case the Insurance Department wishes to review the information at a later date. In all correspondence on this revision, you should refer to ISO Filing Number GL-2020-BGL1, NOT this circular number.

---

## RATING SOFTWARE IMPACT
