BACKGROUND

In circular [LI-BP-2021-089](#), we advised you that we submitted filing BP-2021-RLA1 to the Insurance Department.

CONSIDERATION OF COVID-19

In anticipation of long-term behavioral, social and economic changes as a result of COVID-19, we expect, based on the information currently available, that those changes will have a modest but material impact on prospective loss costs for certain risks. In this filing, we have accounted for the impact that the COVID-19 pandemic had on the March-June 2020 data by adjusting the yearly weights used in the calculation of the statewide loss cost level indications for all Liability risks so that experience year 2020 receives less weight.

While there is still great uncertainty around COVID-19, the above referenced adjustment does not contemplate the possibility of widespread viral resurgence or the renewal of stay-at-home orders during the period in which the newly filed loss costs will be in effect. We have assumed that any recurrence of such extreme and unpredictable circumstances would generally be addressed, as appropriate, by individual carriers.

INSURANCE DEPARTMENT ACTION

The Insurance Department has approved this revision as filed.

This effective date applies only to those insurers who have filed their Businessowners loss cost adjustments to be automatically applicable to future ISO loss cost revisions.

COMPANY ACTION

You must independently determine the final rates you will use. The action, if any, you must take in response to this filing is dependent upon how you filed to have your loss cost adjustments apply to subsequent revisions of ISO loss costs.
