## NEBRASKA BUSINESSOWNERS RULE 23. REVISION APPROVED

---

### KEY MESSAGE

Businessowners revised annual individual payroll amounts specific to Nebraska have been approved.

---

### BACKGROUND

In circular [LI-BP-2022-025](#), we advised you that we submitted filing BP-2021-RPAY to the Insurance Department.

---

### CONSIDERATION OF COVID-19

In anticipation of long-term behavioral, social and economic changes as a result of COVID-19, we expect, based on the information currently available, that those changes will have a modest but material impact on prospective loss costs for certain risks. In this filing, we have accounted for the impact that the COVID-19 pandemic had on the data from March 2020 and beyond by adjusting the yearly weights used in the calculation of the statewide loss cost level indications for all Liability risks so that experience year 2020 receives less weight.

While there is still great uncertainty around COVID-19, the above referenced adjustment does not contemplate the possibility of widespread viral resurgence or the renewal of stay-at-home orders during the period in which the newly filed loss costs will be in effect. We have assumed that any recurrence of such extreme and unpredictable circumstances would generally be addressed, as appropriate, by individual carriers.
