2022 COMMERCIAL AUTO MULTISTATE FORMS FILING ADDRESSING MOTOR CARRIER COVERAGE PROGRAM COMMUNICABLE DISEASE EXCLUSION TO BE IMPLEMENTED IN ALASKA

KEY MESSAGE

We are implementing new and revised Commercial Auto multistate forms revisions in Alaska.

Effective Date: 12/1/2023

Filing ID: [CA-2022-OMCDF](#)

BACKGROUND

In circular:

- [LI-CA-2022-305](#), we announced the filing of multistate forms filing CA-2022-OMCDF, which revises the ISO Motor Carrier Coverage program and introduces an optional communicable disease exclusion for covered autos liability exposure for use with the ISO Commercial Auto coverage forms.
- [LI-CA-2023-013](#), we provided an Alaska forms supplement to multistate filing CA-2022-OMCDF.
- [LI-CA-2023-030](#), we provided you with final copies of multistate forms and endorsements included in forms filing CA-2022-OMCDF.
- [LI-CA-2023-040](#), we provided an amendment to the Alaska supplement to multistate filing CA-2022-OMCDF.
- [LI-CA-2023-053](#), we furnished an Advisory Sample Notice to Policyholders for use in conjunction with the implementation of the ISO Commercial Auto forms filing CA-2022-OMCDF.
- [LI-CA-2023-055](#), we withdrew rules filing CA-2022-OMCDR, because related multistate endorsement CA 04 55, Communicable Disease Exclusion was removed from consideration in Alaska.

INSURANCE DEPARTMENT ACTION

We have received all necessary approvals or acknowledgements, as required by state laws and regulations, from the insurance department in Alaska.

Note: The announcement of implementation in a particular jurisdiction includes the implementation of the multistate filings and any state supplement and/or amendment filing.

EFFECTIVE DATE

The ISO revision is subject to the following rule of application:

These changes are applicable to all policies effective on or after December 1, 2023.

COMPANY ACTION

If you have authorized us to file on your behalf and decide:

- To use our revision and effective date, you are not required to file anything with the Insurance Department.
- To use our revision with a different effective date, to use our revision with modification, or to not use our revision, you must make an appropriate submission with the Insurance Department.

For guidance on submission requirements, consult the ISO State Filing Handbook.

In all correspondence with the Insurance Department on this revision, you should refer to ISO Filing Designation Number [CA-2022-OMCDF](#), and SERFF Tracking Number [ISOF-133489714](#), not this circular number. Communications with the regulator concerning a filing affecting multiple lines of business (i.e., CL, PL, AL filing designation) should specify the line(s) of business that you are addressing.

SPECIAL NOTICE

The Alaska Division of Insurance has asked that we notify participating insurers that adopt ISO forms or form-related rule revisions that they must accept the explanatory materials in the ISO filing submission. The Division will consider insurers that do not accept the explanatory materials as deviating from the ISO filing. These insurers must explain their deviation as they would in any other form or form-related rule revision. The Division will assume that insurers that have provided ISO with filing authorization have accepted the explanatory materials in filings ISO makes on their behalf unless the insurer provides a written explanation for the deviation. Insurers that have not provided ISO with filing authorization must include in their adoption letters to the Division a statement either acknowledging that they are accepting the explanatory materials that were part of the ISO filing, or an explanation for their deviation.

RATING SOFTWARE IMPACT

Refer to circular [LI-CA-2022-305](#) for impact of the multistate filing.

POLICYHOLDER NOTIFICATION

If you decide to implement this revision, you should check all applicable laws for the state(s) to which this revision applies, to determine whether or not a specific policyholder notice requirement may apply. Please note that circular [LI-CL-2022-006](#) contains the ISO Guide To Renewals With Changed Conditions For Commercial Lines, which is available only as a guide to assist participating companies in complying with various conditional renewal statutes or regulations, for the major commercial lines of insurance serviced by ISO. The information in the Guide does not necessarily reflect all requirements or exceptions that may apply, and it is not intended as a substitute for your review of all applicable statutes and regulations concerning policyholder notification.

REVISION DISTRIBUTION

We will issue a Notice to Portfolioholders with an edition date of **12-23** (or the earliest possible subsequent date), along with any new and/or revised forms.

FUTURE ISO ACTION

In future circulars, we will:

- We will update the status of this revision. This status report will be updated periodically to provide you with the latest status. For interim updates, please check the Insurance Lines Services web site (www.verisk.com/ils). In addition to other information, this web site contains copies of major multistate filing status reports that are updated approximately every two weeks.
- Inform you of implementation status of these filings in additional jurisdictions.
- Provide an updated multistate status report summarizing filing activity.

For more information on the status of filings in a particular state, including filed and approved documents, associated circulars and links to Print Ready Manuals and Commercial Lines Manual, please feel free to access our [Filings](#) feature within the ISOnet Circulars product.

IMPORTANT NOTICE FOR USERS OF ISO PRODUCTS AND SERVICES

Please make sure that your company has authorized your use of this product and has complied with the requirements applicable in the jurisdiction where you plan to use it.

We distribute both state-specific and multistate products and services. We do not distribute all the multistate products and services for use in every jurisdiction due to corporate policy, regulatory preference, or variations or lack of clarity in state laws.

We provide participating insurers with information concerning the jurisdictions for which our products and services are distributed. Even in those jurisdictions, each insurer must determine what filing requirements, if any, apply and whether those requirements have been satisfied.

Now, as in the past, all of our products and services are advisory, and are made available for optional use by participating insurers as a matter of individual choice. Your company must decide for itself which, if any, ISO products or services are needed or useful to its operation and how those selected for use should be applied. We urge that you be guided by the advice of your attorneys on the legal requirements.
