## OREGON SUPPLEMENT TO THE COMMERCIAL AUTO 2022 MULTISTATE RULES FILING PROVIDED AND TO BE IMPLEMENTED

---

### KEY MESSAGE

Rules supplement to filing [CA-2022-RCP1](#) in Oregon is provided and to be implemented.

This supplement complements the multistate rules filing, which is attached to circular LI-CA-2022-113.

**Effective Date:** 5/1/2024

---

### BACKGROUND

In circular [LI-CA-2022-113](#), we announced the filing of multistate rules filing CA-2022-RCP1 and advised that we would be submitting state-specific rules supplements in all ISO Jurisdictions.

---

### INSURANCE DEPARTMENT ACTION

We have received all necessary approvals or acknowledgements, as required by state laws and regulations, from the insurance department in Oregon.

**Note:** The announcement of implementation in a particular jurisdiction includes the implementation of the multistate filings and any state supplement and/or amendment filing.

---

### ISO ACTION

We are providing and implementing the attached Oregon rules supplement to multistate filing CA-2022-RCP1.

Refer to the attached explanatory material for complete details about the filing.

*For more information on the status of filings in a particular state, including filed and approved documents, associated circulars and links to Print Ready Manuals and Commercial Lines Manual, please feel free to access our [Filings](#) feature within the ISOnet Circulars product.*

---

### EFFECTIVE DATE

The ISO revision is subject to the following rule of application:

These changes are applicable to all policies written on or after May 1, 2024.

---

## IMPACT ON STATISTICAL REPORTING

ISO has reviewed the statistical reporting impact of this filing. A Statistical Plan Holders circular, [SP-CA-2022-001](#) entitled '2022 Commercial Automobile Multistate Coding Established' was released on May 9, 2022. Revisions to statistical reporting include numerous changes and the establishment of a new field, Financial Responsibility Surcharge Indicator Code. For statistical reporting purposes, all the changes in this circular will be effective for transactions with inception dates of October 1, 2023 and subsequent on a mandatory basis.

---

## COMPANY ACTION

If you have authorized us to file on your behalf and decide:

- To use our revision and effective date, you are not required to file anything with the Insurance Department.
- To use our revision with a different effective date, to use our revision with modification, or to not use our revision, you must make an appropriate submission with the Insurance Department.

For guidance on submission requirements, consult the ISO State Filing Handbook.

In all correspondence with the Insurance Department on this revision, you should refer to ISO Filing Number [CA-2022-RCP1](#) and SERFF Tracking Number [ISOF-133216545](#), NOT this circular number. Communications with the regulator concerning a filing affecting multiple lines of business (i.e., CL, PL, AL filing designation) should specify the line(s) of business that you are addressing.

---

## RATING SOFTWARE IMPACT

Refer to circular [LI-CA-2022-113](#) for impact of the rules multistate filing.

---

## POLICYHOLDER NOTIFICATION

If you decide to implement this revision, you should check all applicable laws for the state(s) to which this revision applies to determine whether or not a specific policyholder notice requirement may apply. Please note that circular [LI-CL-2023-005](#) contains the ISO Guide To Renewals With Changed Conditions For Commercial Lines, which is available only as a guide to assist participating companies in complying with various conditional renewal statutes or regulations, for the major commercial lines of insurance serviced by ISO. The information in the Guide does not necessarily reflect all requirements or exceptions that may apply, and it is not intended as a substitute for your review of all applicable statutes and regulations concerning policyholder notification.

---

## REVISION DISTRIBUTION

We will issue a Notice to Manualholders with an edition date of 5-24 (or the earliest possible subsequent date), along with any new and/or revised manual pages.

---

## RELATED LOSS COSTS REVISION

In circular [LI-CA-2023-279](#), we are providing and implementing the corresponding loss costs supplement.

---

---

### **DATA QUALITY**

Statistical plan data reported to ISO is first processed through a system of rigorous automated data verification procedures so that only valid data would be used for ratemaking. Subsequent to this initial data submission review, additional analyses on the statistical plan data involving an even more customized data review for this line were performed by staff. During these processes, various data records were excluded from the review. The ISO staff responsible for this circular also reviewed the data for reasonableness.

---

### **ACKNOWLEDGMENT OF ACTUARIAL QUALIFICATIONS**

The American Academy of Actuaries' "Qualifications Standards for Actuaries Issuing Statements of Actuarial Opinion in the United States" requires that an actuary issuing a Statement of Actuarial Opinion should include an acknowledgement with the opinion that he/she has met the qualification standards of the AAA. ISO considers this loss cost filing a Statement of Actuarial Opinion; therefore, we are including the following acknowledgment:

I, Daniel Traverso, am an Actuarial Associate for ISO, and I, Kevin Hughes, am an Actuarial Director for Commercial Auto for ISO. We are jointly responsible for the content of this Statement of Actuarial Opinion. We are both members of the American Academy of Actuaries and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

## IMPORTANT NOTICE FOR USERS OF ISO PRODUCTS AND SERVICES

Please make sure that your company has authorized your use of this product and has complied with the requirements applicable in the jurisdiction where you plan to use it.

We distribute both state-specific and multistate products and services. We do not distribute all the multistate products and services for use in every jurisdiction due to corporate policy, regulatory preference, or variations or lack of clarity in state laws.

We provide participating insurers with information concerning the jurisdictions for which our products and services are distributed. Even in those jurisdictions, each insurer must determine what filing requirements, if any, apply and whether those requirements have been satisfied.

Now, as in the past, all of our products and services are advisory, and are made available for optional use by participating insurers as a matter of individual choice. Your company must decide for itself which, if any, ISO products or services are needed or useful to its operation and how those selected for use should be applied. We urge that you be guided by the advice of your attorneys on the legal requirements.

# Oregon Supplement To The 2022 Commercial Auto Multistate Rules Revision

## About This Filing

---

This supplement addresses state exceptions to the ISO Commercial Lines Manual Division One – Automobile – Multistate Rules ("multistate manual") to complement the changes being made in the multistate portion of this filing. Due to the large volume of material in the filing, we provide a table below indicating, by rule number, what type of change has been made. Changes are broadly categorized as follows:

- ◆ No Change: In these rules the only change is the rule number itself and updates to the references of other rules.
- ◆ Clarified Meaning: In these rules, we have altered the language to make the instructions easier to understand and implement. However, there is no change made to the substance of the rating instruction.
- ◆ Rating Change: In these rules the advisory rating instructions have changed.
- ◆ Deleted: These rules are deemed no longer necessary.
- ◆ New Rule: These rules do not have a corresponding old rule.

## Table of Rule Changes

| Section Number | Old Rule Number | New Rule Number | Category  |

## Related Filing(s)

---

The following companion filing will be implemented concurrently with this filing:

- ♦ CA-2022-RLC1 (Loss Costs)

## Background

---

In the multistate portion of this filing, we are withdrawing existing rules and replacing them with similar content in new rules, with the rule number from the standard manual incremented by 200. For example, Rule 212 contains the content corresponding to former Rule 12.

## Explanation of Changes

---

The following state exceptions are being added, revised or withdrawn to correspond with the changes being made in the multistate portion of this filing. The explanations for these changes are described on the following pages, organized by the new rule number:

### Rule **222**. Premium Development – Other Than Zone-Rated Autos

The fleet factors have been replaced by the fleet size factors used in the Optional Class Plan rating.

### Rule **223**. Trucks, Tractors and Trailers Classifications

The primary and secondary classification tables have been updated to match the Optional Class Plan rating. The paragraph regarding Amusement Devices has been moved to multistate Rule **222**. The additional coverage factors have a new designated home in Rule **308**.

## **Rule 224. Truckers/Motor Carriers**

This exception contains the Zone Combinations Factors only. The paragraph on premium determination now resides in the multistate Rule **224**.

## **Rule 225. Premium Development – Zone-Rated Autos**

The fleet factor has been replaced by a fleet size factor, but the values have not changed. We are expanding the table structure here and elsewhere to set it up for a future experience-based review.

The primary and secondary classification tables for zone-rated vehicles now reside in this rule.

## **Rule 231. Eligibility**

The classification codes and Optional Class Plan rating factors for Private Passenger Types now reside in the state exception to Rule **231**.

## **Rule 232. Private Passenger Types Classifications**

The fleet size factors used in the Optional Class Plan rating now reside in the state exception to Rule **232**.

We added premium computation instructions in our new standard format for the No-Fault coverage.

## **Rule 239. Premium Development – Other Than Zone-Rated Autos**

The fleet factor has been replaced by a fleet size factor, but the values have not changed. We are expanding the table structure here and elsewhere to set it up for a future experience-based review. The Mechanical Lift Factor has been moved to the multistate Rule **239**.

## **Rule 240. Public Auto Classifications**

The paragraph on Primary Classifications resides in the multistate Rule **240**, since most states share this language. The state exception to Rule **240**, now only contains the classifications that differ from the multistate rule. The additional coverage factors have a new designated home in Rule **308**.

## **Rule 241. Premium Development – Zone-Rated Autos**

The state exception for Rule **41**, is no longer needed since the Mechanical Lift Factor has been moved to the multistate Rule **239**.

## **Rule 249. Auto Dealers – Premium Development For Common Coverages**

The Medical Payments Limit Factors now reside in Rule **292**.

We added premium computation instructions in our new standard format for the No-Fault coverage.

### **Rule 266. Antique Autos**

This state exception has been added to provide Medical Payments and No-Fault premium computation instructions in our new standard format.

### **Rule 271. Fire Departments**

This state exception has been added to provide Medical Payments and No-Fault premium computation instructions in our new standard format.

### **Rule 274. Law Enforcement Agencies**

This state exception has been added to provide No-Fault premium computation instructions in our new standard format.

### **Rule 276. Mobile Homes**

This state exception has been added to provide No-Fault premium computation instructions in our new standard format.

### **Rule 277. Motorcycles**

The Uninsured Motorists premium computation instructions previously resided in the multistate Rule 277. but have been moved to the state exception pages.

### **Rule 292. Medical Payments**

For classes that use a Liability base loss cost to rate Medical Payments, there is now a single table containing the necessary relativities.

### **Rule 293. No-Fault Coverages**

The No-Fault premium computation instructions are in our new standard format.

### **Rule 297. Uninsured Motorists Insurance**

We converted the premium computation instructions to our new standard format.

### **Rule 298. Deductible Insurance**

Liability Deductibles will now be priced with a Deductible Discount Factor that is subtracted from the Increased Limits Factor. This is a change in presentation only and is mathematically equivalent to the prior approach. The factor tables that previously existed in Rule 98. and Rule 298. now reside in the state exceptions.

We have introduced higher deductible amounts for the Other Than Collision coverages. The support for this update was provided in the multistate rules revision filed in 2019 with ISO filing designation CA-2019-RRU19.

### **Rule 301. Vehicle Age and Price Bracket**

We have changed the name of this rule to reflect its focus on Vehicle Age and Price Bracket Rating. These rating variables are now used for both Liability and Physical Damage.

### **Rule 308. Physical Damage Coverages**

This rule was introduced to house some physical damage content that previously resided elsewhere. The factors in section A used to be in Rules 23. And 25.

### **Rule 311. Terrorism Endorsement Options**

The state exception for this rule has been removed since the rule now exists in the multistate manual.

## **Copyright Explanation**

---

The material distributed by Insurance Services Office, Inc. is copyrighted. All rights reserved. Possession of these pages does not confer the right to print, reprint, publish, copy, sell, file or use same in any manner without the written permission of the copyright owner.

## **Important Note**

---

Insurance Services Office, Inc. (ISO) makes available advisory services to property/casualty insurers. ISO has no adherence requirements. ISO rules and explanatory materials are intended solely for the information and use of ISO's participating insurers and their representatives, and insurance regulators. Neither ISO's general explanations of rules intent nor opinions expressed by members of ISO's staff necessarily reflect every insurer's view or control any insurer's application of manual rules.

---

**211. POLICY CANCELLATION**

---

The following is added to Paragraph **A.**:

Also compute the return premium pro rata when a renewal policy is cancelled by the insured within 30 days of receiving notice of less favorable terms or higher rates (other than a change to rate, form or plan filed with the commissioner and applicable to the entire line of insurance or class of business to which the policy belongs) if the insurer failed to provide notice in the manner required by Oregon law.

---

**212. FORMS PORTFOLIO REFERENCE**

---

The following is added to Paragraph **B.**:

The following endorsements are mandatory and must be attached to all Commercial Auto Coverage Parts:

1. Oregon Changes Endorsement **CA 01 49**
2. Oregon Changes – Domestic Partnership Endorsement **IL 01 42**
3. Oregon Changes – Cancellation And Nonrenewal Endorsement **IL 02 79**

---

**218. RATING TERRITORIES**

---

Paragraph **A.3.** is replaced by the following:

**A. Territory Determination**

- 3.** If the manual refers to this paragraph to determine rating territory, use Territory 118 when the address of the named insured is located in this jurisdiction.

---

**221. ELIGIBILITY**

---

Paragraph **C.** is replaced by the following:

**C. Farm Vehicles**

For pickups, panel trucks or vans owned by an individual, husband and wife, individual who is in a domestic partnership recognized under Oregon law, or a family farm partnership or corporation and used for farming or ranching and not customarily used for other business, refer to Rule **233.**

## 222. PREMIUM DEVELOPMENT – OTHER THAN ZONE-RATED AUTOS

\* For trailers used with light trucks which regularly operate beyond a 200-mile radius, use the primary rating factor for the intermediate rating class.

**Table 223.B. Primary Classifications – Rating Factors And Statistical Codes – Non-zone Rated**

Paragraph C. is replaced by the following:

**C. Secondary Classification – Special Industry Class – Non-zone Rated**

**1. Application**

Classify the vehicle according to its use. Insert the code provided in the 4th and 5th digits of the classification code.

**2. Autos Having More Than One Use**

Where more than one secondary rating factor applies, use the highest-rated classification unless 80% of the use is in a lower-rated activity. In that case, use the lower-rated classification.

**3. Trucking Operations**

A risk engaged in trucking operations described in Rule **224.A.1.** is assigned to the truckers secondary classification even though they advertise or describe themselves as a contractor, building contractor, building material dealer, sand and gravel hauler, or some other similar name.

**4. Secondary Classification Factors**

**Table 225.C.2. Primary Classifications – Rating Factors And Statistical Codes – Zone Rated**

The following is added to Paragraph **C.3.**:

**a. Application**

Classify the vehicle according to its use. Insert the code provided in the 4th and 5th digits of the classification code.

**b. Autos Having More Than One Use**

Where more than one secondary rating factor applies, use the highest-rated classification unless 80% of the use is in a lower-rated activity. In that case, use the lower-rated classification.

**c. Trucking Operations**

A risk engaged in trucking operations described in Rule **224.A.1.** is assigned to the truckers secondary classification even though they advertise or describe themselves as a contractor, building contractor, building material dealer, sand and gravel hauler, or some other similar name.

**d. Secondary Classification Factors**

## 240. PUBLIC AUTO CLASSIFICATIONS

Paragraph C.2.I. is replaced by the following:

### C. Primary Classifications

#### 2. Use Class

##### I. Van Pools

An auto of the station wagon, van, truck or bus type used to provide prearranged commuter transportation for employees to and from work and not otherwise used to transport passengers for a charge.

##### (1) Employer-furnished Transportation

Transportation is held out by the employer as an inducement to employment or a condition of employment, or transportation is incident to employment.

For autos with seating capacities up to 14 persons, driver **not** included, used in voluntary commuter ridesharing arrangements, the "employer-furnished" rating factors do not apply. Use the "all other" rating factors to compute the premiums.

A voluntary commuter ridesharing arrangement is an arrangement in which:

- Participation is not required as a condition of employment; and
- The participants are not reimbursed for travel expenses or paid for commuting time; and
- The employer does not elect to provide workers' compensation insurance to the participants.

##### (a) Employer-owned Autos

Autos owned, or leased for one year or more, by an employer and used to provide transportation only for its employees.

##### (b) Employee-owned Autos

Autos owned, or leased for one year or more, by an individual employee and used to provide transportation only for fellow employees.

##### (2) All Other

Autos that do not meet the eligibility requirements of Paragraph C.2.I.(1).

Paragraph C.3. is replaced by the following:

**D. Secondary Classifications**

Secondary classification codes and factors are provided for non-zone-rated Buses, which include Airport Limousines. For those classes, the secondary classification codes are found in the fourth digit of the classification code. For all other Public Autos, the four-digit classification code is determined by primary classification alone and the secondary factor is always zero.

### **293. NO-FAULT COVERAGES**

---

Rule **293.** is replaced by the following:

#### **A. Personal Injury Protection**

Use Oregon Personal Injury Protection Endorsement **CA 22 36.**

This coverage must be provided on every auto listed on every auto listed as follows:

1. Private passenger autos or station wagons not used as public or livery conveyances.
2. Utility, pickup or panel trucks not used for wholesale or retail delivery other than farming or ranching.
3. Self-propelled motor homes.
4. Farm trucks.

#### **B. Premium Development**

Personal Injury Protection Loss Costs are provided for Private Passenger Types Autos and other types which are rated using Private Passenger Types Loss Costs. For all other types, determine the Personal Injury Protection loss cost for each auto or auto dealer rating unit by multiplying the liability base loss cost by the appropriate factor in the following table:

| <b><u>Classification</u></b>                                   | <b><u>Factor</u></b> |
|--|----------------------|
| <u>Garages</u>   | <u>0.03</u>          |
| <u>All Other Types (Principally Operated By Employees)</u>     | <u>0.03</u>          |
| <u>All Other Types (Not Principally Operated By Employees)</u> | <u>0.09</u>          |

**Table 293.B. Garages And All Other Types**

#### **C. Broadened Personal Injury Protection Coverage For Named Individuals**

An individual who regularly uses the insured auto may be provided personal injury protection by naming the individual as a named insured. Use Named Individuals – Broadened Personal Injury Protection Coverage Endorsement **CA 22 01.** Charge an additional premium per added named individual.

 Additional Premium = Loss Cost

1. Loss Cost in Table **293.C.1.(LC).**

---

## **297. UNINSURED MOTORISTS INSURANCE**

---

The following is added to Rule **297.**:

### **A. Application**

#### **1. Bodily Injury Coverage**

**a.** Uninsured (includes Underinsured) Motorists Bodily Injury Coverage must be provided at limits equal to the bodily injury liability limits of the policy to cover every "motor vehicle" registered in Oregon. Use Oregon Uninsured Motorists Coverage – Bodily Injury Endorsement **CA 21 05**. For split limits, also use Split Bodily Injury Uninsured Motorists Coverage Limits Endorsement **CA 21 02**. "Motor vehicle" means every self-propelled device which transports people or property on a public highway but does not include:

**(1)** Devices used exclusively upon stationary rails or tracks;

**(2)** Motor trucks as defined in OR. REV. STAT. § 801.355 that have a registration weight, as defined by OR. REV. STAT. § 803.430 of more than 8,000 pounds, when the insured's employees who operate such trucks are covered by any workers' compensation law, disability benefits law or similar law; or

**(3)** Farm-type tractors or self-propelled equipment designed for use principally off public highways.

**b.** Increased limits must be offered up to the limits provided by the policy for bodily injury liability insurance.

**c.** The named insured may, by a signed written statement, select limits lower than the policy's bodily injury liability limits, but not lower than the bodily injury limits required by the Oregon Financial Responsibility Law.

**d.** The written statement to select lower limits shall be made on a form approved by the Department of Consumer and Business Services within 60 days from the time a named insured elects the lower limits.

**e.** Unless the bodily injury liability limits of the policy are changed, the written statement to select lower limits is binding when:

**(1)** There is a change in the number of vehicles insured under the policy; and

**(2)** The policy is amended, renewed, modified or replaced by the same company or group of companies under common ownership or control.

**f.** Increased limits are subject to the maximum liability limits of the policy.

#### **2. Property Damage Coverage**

**a.** Uninsured Motorists Property Damage Coverage must be made available for all private passenger type motor vehicles in amounts at least equal to the property damage limits required by the Oregon Financial Responsibility Law. Use Oregon Uninsured Motorists Coverage – Property Damage Private Passenger Types Endorsement **CA 21 87**.

**b.** This coverage is subject to a \$300 deductible if a hit-and-run or phantom vehicle is involved and a \$200 deductible in all other cases.

**c.** Uninsured Motorists Property Damage Coverage does not provide coverage for damage caused by underinsured motorists.

### **B. Premium Computation**

**1.** Identify the exposures in this jurisdiction for which coverage applies and for which a premium will be charged. Exposures include owned self-propelled vehicles and sets of registration plates not issued to a specific auto (including dealer and transporter plates).

Do not charge a premium for the following:

**a.** Trailers;

**b.** Hired and non-owned autos;

**c.** Owned vehicles which have not been assigned registration plates (such as Auto Dealers' inventory); or

**d.** Registration plates used to transport non-owned autos (such as drive-away contractors rated under Rule **269.**).

**2.** Determine the exposure type (Private Passenger Type or Other Than Private Passenger Type). For the purposes of this premium development, Private Passenger Types include exposures which are classified under Section III of Division One or are explicitly described as Private Passenger Types elsewhere in Division One. Unless instructed otherwise, all other exposures are considered to be Other Than Private Passenger Types, even when rating for other coverages is based on Private Passenger Types.

**3.** For some autos, the Uninsured And Underinsured Motorists Coverage Premium Formula is given in the section for that auto. For all other autos to which the coverage applies, the following premium formula applies for each auto. Note that the additional premium in Paragraph **B.4.** may apply in either case.

Premium = Loss Cost

\_\_\_\_\_ a. Select the appropriate loss costs table as follows:

\_\_\_\_\_ (1) For Single Limits Uninsured Motorists Bodily Injury Coverage, refer to state loss costs Table **297.B.3.a.(1)(LC)**.

\_\_\_\_\_ (2) For Split Limits Uninsured Motorists Bodily Injury Coverage, refer to state loss costs Table **297.B.3.a.(2)(LC)**. The initial limits provided are the minimum financial responsibility limits required in Oregon.

\_\_\_\_\_ (3) For Uninsured Motorists Property Damage Coverage, refer to state loss costs Table **297.B.3.a.(3)(LC)**. The initial limit provided is the minimum financial responsibility limit required in Oregon.

\_\_\_\_\_ 4. For policies (other than Auto Dealers) issued to individual named insureds, charge an additional premium once for each exposure. Do not charge the additional premium a second time for Uninsured Motorists Property Damage Coverage.

\_\_\_\_\_ 

Additional Premium = Loss Cost

\_\_\_\_\_ a. Loss Cost in state loss costs Table **297.B.4.a.(LC)**.

\_\_\_\_\_ 5. For exposures not subject to No-fault Coverage, charge an additional premium once for each exposure. Do not charge the additional premium a second time for Uninsured Motorists Property Damage Coverage.

**Table 298.A.2. Liability Deductible Discount Factors**

Paragraph **B.** is replaced by the following:

### **B. Physical Damage Coverages**

#### **1. Special Provisions**

- At the option of the insured, the Comprehensive deductible provisions may be made inapplicable to safety glass breakage. Use Full Safety Glass Coverage Endorsement **CA 04 21**.
- For Specified Causes of Loss deductibles that apply to Theft, Mischief And Vandalism, refer to company. For Limited Other Than Collision coverages without a deductible, the Deductible Discount Factor is 0.000.
- For the Physical Damage premium computations, when the Deductible Discount Factor is subtracted from the Vehicle Value Factor, the resulting value (Vehicle Value Factor – Deductible Discount Factor) is subject to a minimum value of 0.10. If the subtraction yields a value less than the minimum, substitute 0.10 in its place.

**C. Secondary Classification – Special Industry Class**

**1. Application**

According to classification, combine the secondary factor in this section with the primary factor. Insert the code provided, in the 4th and 5th digit of the classification code.

**2. Autos Having More Than One Use**

Where more than one secondary rating factor applies, use the highest rated classification unless 80% of the use is in a lower rated activity. In that case, use the lower rated classification.

**3. Trailer Types And Zone-rated Autos**

**a. Codes**

Use the classifications and codes provided in the tables of this section.

**b. Factors**

All secondary factors for Trailer Types and Zone-rated Autos are zero (0.00). Do not use the factors provided in this section.

**4. Truckers**

Autos used to haul or transport goods, materials or commodities for another, other than autos used in moving operations.

Paragraph **D.3.** is replaced by the following:

~~— D. Special Provisions For Certain Risks~~

~~— 3. Amusement Devices (Class Code 7905)~~

~~A coverage form that covers an auto with an amusement device mounted on it must cover the operation of the amusement device. Develop the additional premium by multiplying the trucks, tractors and trailers liability base premium by the following factor. The premium is for the period of coverage and not subject to any return.~~

## 24. TRUCKERS/MOTOR CARRIERS

Paragraph **B.2.b.(2)(e)** is replaced by the following:

- (e) Multiply the daily per trailer loss cost for the desired coverage by the appropriate physical damage factors in the following tables. For local and intermediate risks, assume that the zone of principal garaging is the same as the zone of terminal. If zone of principal garaging and zone of terminal are both in Metropolitan zones, use Table **24.B.2.b.(2)(e)(i)**. If no Metropolitan zones are involved in the rating, then use Table **24.B.2.b.(2)(e)(ii)**. If zone of garaging and zone of terminal differ, use Table **24.B.2.b.(2)(e)(iii)**. Refer to Rule **25.B.** for development of zone combinations and Rule **25.D.** for definitions of all Metropolitan and Regional zones.

**Table 24.B.2.b.(2)(e)(iii) Metropolitan To/From Regional Table – Zone 40 (Pacific) Combinations Factors**

Paragraph **C.3.** is replaced by the following:

**C. Premium Determination**

**3. Gross Receipts Basis (Class Code 7480) Or Mileage Basis (Class Code 7490) – Liability Coverage**

**a. Eligibility**

- (1) Local truckers may be written on the gross receipts rating basis if:
  - (a) The risk has been in business for at least 15 months immediately preceding the effective date of the policy, and
  - (b) The risk is comprised of 10 or more trucks, tractors or trailers used for local trucking.
- (2) Risks comprised of intermediate and/or long distance truckers only, or risks comprised of local and intermediate and/or long distance truckers, may be written on the gross receipts or mileage rating basis if:

- ~~(a) The risk has been in business for at least 15 months immediately preceding the effective date of the policy, and~~
- ~~(b) The risk is comprised of five or more trucks or tractors used for intermediate or long distance trucking or 10 or more trucks, tractors or trailers.~~
- ~~(3) A risk which principally operates trip-leased equipment must be submitted to the company for rating.~~
- ~~(4) A risk which otherwise qualifies but which has been in business less than 15 months may be submitted to the company to determine its eligibility.~~
- ~~(5) The policy must cover the insured for all the owned and hired trucks, tractors and trailers used in the insured's trucking operations. The policy may also cover either private passenger autos or non-ownership liability or both.~~

**b. Definition**

- ~~(1) Gross receipts means the total amount earned by the insured for shipping or transporting property.~~
- ~~(2) Mileage means the total live (laden) and dead (unladen) mileage of all autos during the policy period.~~
- ~~(3) Gross receipts include:~~
  - ~~(a) The total amount received from the rental of equipment from the insured, with or without drivers, to any person or organization not engaged in the business of transporting property for hire by auto, and~~
  - ~~(b) .15 of the total amount received from the rental of equipment from the insured, with or without drivers, to any person or organization engaged in the business of transporting property for hire by auto.~~
- ~~(4) Mileage includes:~~
  - ~~(a) The total mileage developed from the rental of equipment from the insured, with or without drivers, to any person or organization not engaged in the business of transporting property for hire by auto, and~~
  - ~~(b) .15 of the mileage developed from the rental of equipment from the insured, with or without drivers, to any person or organization engaged in the business of transporting property for hire by auto.~~
- ~~(5) Gross receipts do not include:~~
  - ~~(a) Amounts paid to air, sea or land carriers operating under their own permits.~~
  - ~~(b) Taxes collected as a separate item and paid directly to the government.~~
  - ~~(c) C.O.D. collections for cost of merchandise including collection fees.~~
  - ~~(d) Warehouse storage charges.~~
  - ~~(e) Advertising revenue.~~
- ~~(6) These definitions apply whether shipment originates with the insured or some other carrier.~~

**c. Premium Development**

- ~~(1) The rating rules that apply in the headquarters location of the risk shall govern the rating of all operations regardless of location. Headquarters means the address given to the Federal Motor Carrier Safety Administration or any state administrative authority as the principal business address of the risk.~~
- ~~(2) Using the current manual loss costs, develop an average total policy specified car premium for all equipment owned and term-leased as of both 12 months and as of three months prior to the effective date of the policy. Also, include the total premium for other coverages such as nonownership liability and hired auto if the policy provides such coverages.~~

~~Also include in the average total policy premium, the premium generated by trucks, tractors and trailers that are rented to any person or organization engaged in the business of transporting property for hire under long-term contracts. Compute this additional premium by multiplying the loss costs that otherwise apply during the period of rental, provided the autos are identified and so designated, by the following factor:~~

| <b>Factor</b> |
|---------------|
| .15           |

**Table 24.C.3.c.(2) Long-term Hire Factor**

- ~~(3) Divide the average total policy specified car premium from Paragraph (2) by the gross receipts or mileage developed during the 12-month period ending three months prior to the effective date of the policy.~~
- ~~(4) Convert this amount into a rate per \$100 of gross receipts or per mile of operation.~~
- ~~(5) Compute the advance premium by multiplying the rate per \$100 of gross receipts or per mileage of operation by the estimated total gross receipts (in hundreds) or mileage for the policy period for all autos including these trip-leased.~~

(6) Compute the earned premium by multiplying the rate per \$100 of gross receipts or per mileage of operation by the audited total gross receipts (in hundreds), whether or not collected, or the audited total mileage, live (laden) or dead (unladen), developed during the policy period.

(7) The following example uses hypothetical specified car premiums for illustrative purposes only:

Gross Receipts Basis:

(a) Total policy specified car premium 12 months prior to the effective date: \$1,500,000

(b) Total policy specified car premium three months prior to the effective date: \$1,400,000

(c) Average total policy specified car premium: \$1,450,000

(d) Total annual gross receipts three months prior to effective date: \$10,000,000

(e)  $\$1,450,000/10,000,000 = \$ .145$

(f)  $\$.145 \times 100 = \$14.50$  (rate per \$100 of gross receipts)

(g) Total audited gross receipts: \$15,000,000

(h)  $\$14.50 \times 150,000 = \$2,175,000$  (earned premium)

(8) The following example uses hypothetical specified car premiums for illustrative purposes only:

Mileage Basis:

(a) Total policy specified car premium 12 months prior to the effective date: \$1,500,000

(b) Total policy specified car premium three months prior to the effective date: \$1,400,000

(c) Average total policy specified car premium: \$1,450,000

(d) Total annual mileage three months prior to effective date: 5,000,000

(e)  $1,450,000/5,000,000 = \$ .29$  (rate per mile)

(f) Total audited mileage: 6,500,000

(g)  $\$.29 \times 6,500,000 = \$1,885,000$  (earned premium)

**d. Medical Payments**

If the policy provides medical payments, compute the premium by multiplying the \$100,000 limit liability premium and minimum premium by the following factors:

| Limits | \$500 | \$1000 | \$2000 | \$5000 |
|--------|-------|--------|--------|--------|
|        | .037  | .044   | .050   | .059   |

**39. PREMIUM DEVELOPMENT – OTHER THAN ZONE-RATED AUTOS**

---

Paragraphs **B.2.** and **B.3.** are replaced by the following:

— **B. Determination Of Classification Rating Factor And Class Code**

- **2.** Determine the primary classification code and rating factor from Rule **40.** based on use class and radius class. For van pools and limousines, the rating factor is based on seating capacity.
- **3.** Except for taxicabs, paratransits, car service, van pools and limousines (other than airport limousines), determine the secondary classification code and rating factor from Rule **40.** based on the seating capacity.

Paragraph **C.2.b.** is replaced by the following:

— **C. Premium Computation**

— **2. Liability, Basic No-fault And Medical Payments Coverages**

- **b.** For fleets, multiply the result by the following factors:

| Vehicle Type            | Factor |
|-------------------------|--------|
| Taxis And Limousines    | 1.10   |
| School And Church Buses | 1.20   |

**Table 39.C.2.b. Liability, Basic No-fault And Medical Payments Coverages Factors**

The following is added to Paragraph **C.2.:**

- **d.** For public autos that are equipped with a mechanical lift and that have Liability Coverage, Medical Payments Coverage or Personal Injury Protection Coverage, multiply the result by the following factor:

| Factor |
|--------|
| 1.10   |

**Table 39.C.2.d. Mechanical Lift Factor**

Paragraph **C.3.d.** is replaced by the following:

— **3. Physical Damage Coverages**

- **d.** For other than collision coverage on fleets, multiply the result by the following factors:

| Vehicle Type            | Other Than Collision Factor |
|-------------------------|-----------------------------|
| Limousines              | 0.85                        |
| School And Church Buses | 0.85                        |
| All Other Buses         | 0.85                        |

#### 40. PUBLIC AUTO CLASSIFICATIONS

---

Paragraphs **D.2.** and **D.3.** are replaced by the following:

**~~D. Primary Classifications~~**

**~~2. Use Class~~**

**~~a. Taxicab~~**

~~A metered or unmetered auto, other than a Car Service or Limousine, with a seating capacity of eight or less that is operated for hire by the named insured or an employee, but does not pick up, transport or discharge passengers along a route. The auto must be licensed by the appropriate licensing authority, as required by law, based on the territory of operation. A Taxicab — Owner-driver means an individual owner of a single taxicab operated by the individual owner or spouse.~~

**~~b. Car Service~~**

~~An unmetered auto, other than a Taxicab or Limousine, with a seating capacity of eight or less that is operated for hire by the named insured or an employee, and operates from a central base station. The auto must be licensed by the appropriate licensing authority, as required by law, based on the territory of operation.~~

**~~c. Limousine~~**

~~An unmarked luxury auto, other than a Taxicab or a Car Service, that is operated for hire by the named insured or an employee, and is used on a pre-arranged basis for special or business functions, weddings, funerals or similar purposes. The auto and driver must be in attendance at the beginning and end of the function, and the auto must be licensed by the appropriate licensing authority, as required by law, based on the territory of operation.~~

**~~d. School Bus~~**

~~An auto that carries students or other persons to and from school or any school activity including games, outings and similar school trips.~~

**~~(1) Separate codes and rating factors apply to:~~**

**~~(a) School buses owned by political subdivisions or school districts.~~**

**~~(b) All others, including independent contractors, private schools and church-owned buses.~~**

**~~(2) A policy covering a school bus may be written on an annual term for liability and collision coverages with premium prorated to reflect the actual school term. However, do not give credit for Saturdays, Sundays or holidays or for any other periods of lay-up during the school term.~~**

**~~(3) If a publicly owned school bus is used for special trips unrelated to school activities, refer to company for additional charge.~~**

**~~e. Church Bus~~**

~~An auto used by a church to transport persons to or from services and other church-related activities. This classification does not apply to public autos used primarily for daily school activities.~~

**~~f. Inter-city Bus~~**

~~An auto that picks up and transports passengers on a published schedule of stops between stations located in two or more towns or cities.~~

**~~g. Urban Bus~~**

~~An auto that picks up, transports and discharges passengers at frequent local stops along a prescribed route. This classification applies only to vehicles operated principally within the limits of a city or town and communities contiguous to such city or town, and includes scheduled express service between points on that route.~~

**~~h. Airport Bus Or Airport Limousine~~**

~~An auto for hire that transports passengers between airports and other passenger stations or motels.~~

**~~i. Charter Bus~~**

~~An auto chartered for special trips, touring, picnics, outings, games and similar uses.~~

**~~j. Sightseeing Bus~~**

~~An auto accepting individual passengers for a fare for sightseeing or guided tours, making occasional stops at certain points of interest and returning the passengers to the point of origin.~~

**~~k. Transportation Of Athletes And Entertainers~~**

~~An auto owned by a group, firm or organization that transports its own professional athletes, musicians or other entertainers.~~

~~(1) If it is used to transport other professional athletes or entertainers, rate as a charter bus.~~

~~(2) An auto owned by a group, firm or organization to transport its own non-professional athletes, musicians or entertainers, rate as a public auto not otherwise classified.~~

~~**l. Van Pools**~~

~~An auto of the station wagon, van, truck or bus type used to provide prearranged commuter transportation for employees to and from work and is not otherwise used to transport passengers for a charge.~~

~~**(1) Employer Furnished Transportation**~~

~~Transportation is held out by the employer as an inducement to employment, a condition of employment or is incident to employment.~~

~~For autos with seating capacities up to 14 persons, driver NOT included, used in voluntary commuter ridesharing arrangements, the "employer furnished" rating factors do not apply. Use the "all other" rating factors to compute the premiums.~~

~~A voluntary commuter ridesharing arrangement is an arrangement in which:~~

- ~~● Participation is not required as a condition of employment, and~~
- ~~● The participants are not reimbursed for travel expenses or paid for commuter time, and~~
- ~~● The employer does not elect to provide workers' compensation insurance to the participants.~~

~~**(a) Employer Owned Autos**~~

~~Autos owned, or leased for one year or more, by an employer and used to provide transportation only for his employees.~~

~~**(b) Employee Owned Autos**~~

~~Autos owned, or leased for one year or more, by an individual employee and used to provide transportation only for fellow employees.~~

~~**(2) All Other**~~

~~Autos which do not meet the eligibility requirements of Paragraph (1).~~

~~**m. Transportation Of Employees – Other Than Van Pools**~~

~~Autos of any type used to transport employees other than in van pools.~~

~~(1) Autos owned, or leased for one year or more, by an employer and used to transport only his own employees.~~

~~(a) For private passenger autos, charge rates shown in the state company rates/ISO loss costs for private passenger types (Class Code 5851).~~

~~(b) For all other autos, rate as a van pool – all other (Class Code 5851).~~

~~(2) Autos owned, or leased for one year or more, by a person or organization who is in the business of transporting employees of one or more employers. Rate as public auto not otherwise classified.~~

~~**n. Paratransit**~~

~~A non-emergency auto specially equipped to transport sick, elderly or handicapped individuals and that does not follow fixed routes or fixed schedules. The auto must be licensed by the appropriate licensing authority, as required by law, based on the territory of operation. This classification includes, but is not limited to, autos that may be otherwise known as Ambulettes and Medicars.~~

~~**o. Social Service Agency Auto**~~

~~An auto used by a government entity, civic, charitable or social service organization to provide transportation to clients incident to the social services sponsored by the organization, including special trips and outings.~~

~~(1) This classification includes, for example, autos used to transport:~~

- ~~(a) Senior citizens or other clients to meal centers, medical facilities, social functions and shopping centers;~~
- ~~(b) Handicapped persons to work or rehabilitative programs;~~
- ~~(c) Children to day care centers and Head Start programs; and~~
- ~~(d) Boy Scout or Girl Scout groups to planned activities.~~

~~(2) The following autos are eligible for this classification:~~

- ~~(a) Autos owned, or leased for one year or more, by the social service agency.~~
- ~~(b) Autos donated to the social service agency without a driver.~~
- ~~(c) Autos hired under contract by the social service agency.~~

(3) This classification does not include Paratransits.

(4) If an auto has more than one use, use the highest rated classification unless 80% of the use is in a lower rated activity. In that case, use the lower rated classification.

(5) Separate codes and rating factors apply to:

(a) Employee-operated autos operated by employees of the social service agency. If a social service auto is also operated by volunteer drivers or other non-agency employees, use the All Other classification unless 80% of the use is by agency employees.

(b) All other autos which do not meet the requirements of Paragraph (a).

(6) Excess liability coverage may be provided to cover autos not owned or licensed by the agency while being used in its social service transportation activities. This coverage may be extended to cover the agency's liability only or the liability of both the agency and, on a blanket basis, the individual liability of agency employees or volunteer donors or owners of the autos. For autos hired, loaned, leased or furnished, refer to Rule 90. For all other non-owned autos, refer to Rule 89.

**p. Public Auto Not Otherwise Classified**

This classification includes, but is not limited to, autos such as country club buses, cemetery buses, real estate development buses and courtesy buses run by hotels.

**3. Non-fleet And Fleet Primary Classifications – Rating Factors And Statistical Codes For Local, Intermediate And Long-Distance Radius**

**a. Public Auto Use Classes (Except Van Pools)**

Rate the following classifications using the base loss cost for the corresponding category. For example, multiply the Car Service factors by the Taxicabs and Limousines base loss costs.

~~An individual who regularly uses the insured auto may be provided personal injury protection by naming the individual as a named insured. Use Named Individuals – Broadened Personal Injury Protection Coverage Endorsement **CA 22 01.** The loss cost for each named individual is shown in state Table **93.C.(LC).**~~

~~**D. Deductibles**~~

~~Personal injury protection deductibles are located in Rule **98.C.**~~

## 97. UNINSURED MOTORISTS INSURANCE

---

The following is added to Rule 97.:

### ~~A. Application~~

#### ~~1. Bodily Injury Coverage~~

- ~~a. Uninsured (includes underinsured) Motorists Bodily Injury Coverage must be provided at limits equal to the bodily injury liability limits of the policy to cover every "motor vehicle" registered in Oregon. Use Oregon Uninsured Motorists Coverage – Bodily Injury Endorsement **CA 21 05**. For split limits, also use Split Bodily Injury Uninsured Motorists Coverage Limits Endorsement **CA 21 02**. "Motor vehicle" means every self-propelled device which transports people or property on a public highway but does not include:~~
  - ~~(1) Devices used exclusively upon stationary rails or tracks;~~
  - ~~(2) Motor trucks as defined in OR. REV. STAT. § 801.355 that have a registration weight, as defined by OR. REV. STAT. § 803.430 of more than 8,000 pounds, when the insured's employees who operate such trucks are covered by any workers' compensation law, disability benefits law or similar law; or~~
  - ~~(3) Farm-type tractors or self-propelled equipment designed for use principally off public highways.~~
- ~~b. Increased limits must be offered up to the limits provided by the policy for bodily injury liability insurance.~~
- ~~c. The named insured may, by a signed written statement, select limits lower than the policy's bodily injury liability limits, but not lower than the bodily injury limits required by the Oregon Financial Responsibility Law.~~
- ~~d. The written statement to select lower limits shall be made on a form approved by the Department of Consumer and Business Services within 60 days from the time a named insured elects the lower limits.~~
- ~~e. Unless the bodily injury liability limits of the policy are changed, the written statement to select lower limits is binding when:~~
  - ~~(1) There is a change in the number of vehicles insured under the policy; and~~
  - ~~(2) The policy is amended, renewed, modified, or replaced by the same company or group of companies under common ownership or control.~~
- ~~f. Increased limits are subject to the maximum liability limits of the policy.~~

#### ~~2. Property Damage Coverage~~

- ~~a. Uninsured Motorists Property Damage Coverage must be made available for all private passenger type motor vehicles in amounts at least equal to the property damage limits required by the Oregon Financial Responsibility Law. Use Oregon Uninsured Motorists Coverage – Property Damage (Private Passenger Types) Endorsement **CA 21 87**.~~
- ~~b. This coverage is subject to a \$300 deductible if a hit-and-run or phantom vehicle is involved and a \$200 deductible in all other cases.~~
- ~~c. Uninsured Motorists Property Damage Coverage does not provide coverage for damage caused by underinsured motorists.~~

### ~~B. Premium Development~~

- ~~1. Select the appropriate loss costs table as follows:~~
  - ~~a. For single limits Bodily Injury Coverage, refer to state loss costs Table **97.B.1.a.(LC)**.~~
  - ~~b. For split limits Bodily Injury Coverage, refer to state loss costs Table **97.B.1.b.(LC)**. The initial limits provided are the minimum financial responsibility limits required in Oregon.~~
  - ~~c. For Property Damage Coverage, refer to state loss costs Table **97.B.1.c.(LC)**. The initial limit provided is the minimum financial responsibility limit required in Oregon.~~
- ~~2. Identify the exposures in this jurisdiction for which coverage applies and a premium will be charged. Exposures include owned self-propelled vehicles and sets of registration plates not issued to a specific auto (including dealer and transporter plates).~~
  - ~~a. Separately determine the premium for each such exposure as follows:~~
    - ~~(1) Determine the exposure type (Private Passenger Type or Other Than Private Passenger Type). For the purposes of this premium development, Private Passenger Types include exposures which are classified under Section III of this division or are explicitly described as Private Passenger Types elsewhere in this division. Unless instructed otherwise, all other exposures are considered to be Other Than Private Passenger Types, even when rating for other coverages is based on Private Passenger Types.~~
    - ~~(2) Within the appropriate loss costs table (single or split limits), locate the column corresponding to the exposure type determined in Paragraph **B.1**.~~
    - ~~(3) From within this column, determine the appropriate loss cost based on the desired limit of coverage.~~

- ~~\_\_\_\_\_ (4) For policies (other than Auto Dealers) issued to individual named insureds, add the amount shown in state loss-costs Table **97.B.2.a.(4)(LC)**.~~
- ~~\_\_\_\_\_ (5) For exposures not subject to No-fault Coverage, add the amount shown in state loss-costs Table **97.B.2.a.(5)(LC)**.~~
- ~~\_\_\_\_\_ (6) Refer to the rules applicable to the exposure elsewhere in this division for additional premium development instructions, if any.~~
- ~~\_\_\_\_\_ b. Primary, secondary, fleet, operator experience and use rating factors do not apply.~~
- ~~\_\_\_\_\_ c. Do not charge a premium for the following:~~
  - ~~\_\_\_\_\_ (1) Trailers;~~
  - ~~\_\_\_\_\_ (2) Hired and non-owned autos;~~
  - ~~\_\_\_\_\_ (3) Owned vehicles which have not been assigned registration plates (such as Auto Dealers' inventory); or~~
  - ~~\_\_\_\_\_ (4) Registration plates used to transport non-owned autos (such as drive-away contractors rated under Rule **69.**).~~
- ~~\_\_\_\_\_ d. Do not apply the charges in Table **97.B.2.a.(4)(LC)** or Table **97.B.2.a.(5)(LC)** for Uninsured Motorists Property Damage Coverage.~~

## 98. DEDUCTIBLE INSURANCE

Paragraphs **A.1.** and **A.2.** are replaced by the following:

### **A. Liability Coverages**

1. Compute the premium by multiplying the full coverage \$100,000 bodily injury and property damage liability premium by the factor selected as follows:

| Deductible Amount | Combined Single Limit |            | Property Damage Per Accident |            |

**Table 98.A.1. Liability Deductible Factors**

2. The following example uses hypothetical loss costs and increased limits factors for a zone-rated risk for illustrative purposes only. You should determine from your individual companies what rates/loss costs and increased limits factors are actually in effect.

\$500,000 bodily injury and property damage liability limit with a \$1,000 zone-rated combined single limit deductible.

- a. Premium for \$100,000 full coverage — \$2,000.
- b. \$1,000 deductible factor — .963.
- c. Premium for \$100,000 limit with a \$1,000 deductible —  $(\$2,000 \times .963) = \$1,926.00$ .
- d. Increased limit factor for \$500,000 limit — 1.53.
- e. Increment factor over \$100,000 limit — .53.
- f. Dollar increment amount —  $(\$2,000 \times .53) = \$1,060.00$ .
- g. Premium for \$500,000 bodily injury and property damage liability with a \$1,000 deductible —  $(\$1,926.00 \text{ plus } \$1,060.00) = \$2,986.00$ .
- h. For deductibles not shown, refer to company.

Paragraph **B.** is replaced by the following:

### **B. Physical Damage Coverages**

Compute the premiums as follows. If a deductible applicable to only Theft, Mischief Or Vandalism is selected for Specified Causes Of Loss Coverage, refer to company. For stated amount rating, refer to Rule **101**. At the option of the insured, the comprehensive deductible provisions may be made inapplicable to safety glass breakage. Use Full Safety Glass Coverage Endorsement **CA 04 21**.

#### **1. Private Passenger Types, Trucks, Tractors And Trailers And All Autos Except Zone-rated Risks**

##### **a. Computation Procedures**

- (1) Determine the base loss cost.
- (2) Use Rule **101**. to determine the factor for the age group of the auto being rated. For exposures rated on a stated amount basis, the Age Group factor is always 1.00.
- (3) Multiply the base loss cost by the Age Group factor.
- (4) Use Rule **101**. to determine the factor for the original cost new of the auto being rated.
- (5) Subtract the applicable factor for the deductible desired from the Original Cost New factor.

~~(6) Multiply the result of Paragraph **B.1.a.(3)** by the result of Paragraph **B.1.a.(5)**. Alternatively, the following equation will give the appropriate loss cost for every desired deductible:~~

~~Base loss cost x Age Group factor from Rule **101**. x (Original Cost New factor — deductible factor from Rule **98**.)~~

~~(7) If the deductible factor is greater than the Original Cost New factor, refer to company.~~

# 101. PHYSICAL DAMAGE COVERAGE RATING PROCEDURES

Paragraph A.4. is replaced by the following:

## A. Actual Cash Value Premiums

### 4. Premium Computation

#### a. Base Premium Development

The physical damage base loss costs do not include the application of the following factors necessary to reflect the applicable original cost new and age group. Thus, in order to develop the base premium:

- Multiply the base loss cost for the desired Physical Damage Coverage by the appropriate Original Cost New factor, then
- Multiply the result by the appropriate Age Group factor.
