NEW JERSEY SUPPLEMENT TO THE COMMERCIAL AUTO 2022 MULTISTATE RULES FILING PROVIDED AND TO BE IMPLEMENTED

KEY MESSAGE

Rules supplement to filing [CA-2022-RCP1](#) in New Jersey is provided and being implemented.

This supplement complements the multistate rules filing, which is attached to circular LI-CA-2022-113.

Effective Date: 6/1/2024

BACKGROUND

In circular [LI-CA-2022-113](#), we announced the filing of multistate rules filing CA-2022-RCP1 and advised that we would be submitting state-specific rules supplements in all ISO Jurisdictions.

ISO ACTION

We are providing and implementing the attached New Jersey rules supplement to multistate filing CA-2022-RCP1.

Refer to the attached explanatory material for complete details about the filing.

For more information on the status of filings in a particular state, including filed and approved documents, associated circulars and links to Print Ready Manuals and Commercial Lines Manual, please feel free to access our [Filings](#) feature within the ISOnet Circulars product.

INSURANCE DEPARTMENT ACTION

We have received all necessary approvals or acknowledgements, as required by state laws and regulations, from the insurance department in New Jersey.

Note: The announcement of implementation in a particular jurisdiction includes the implementation of the multistate filings and any state supplement and/or amendment filing.

EFFECTIVE DATE

The ISO revision is subject to the following rule of application:

These changes are applicable to all policies written on or after June 1, 2024.

IMPACT ON STATISTICAL REPORTING

ISO has reviewed the statistical reporting impact of this filing. A Statistical Plan Holders circular, [SP-CA-2022-001](#) entitled '2022 Commercial Automobile Multistate Coding Established' was released on May 9, 2022. Revisions to statistical reporting include numerous changes and the establishment of a new field, Financial Responsibility Surcharge Indicator Code. For statistical reporting purposes, all the changes in this circular will be effective for transactions with inception dates of October 1, 2023 and subsequent on a mandatory basis.

COMPANY ACTION

If you have authorized us to file on your behalf and decide:

- To use our revision and effective date, you are not required to file anything with the Insurance Department.
- To use our revision with a different effective date, to use our revision with modification, or to not use our revision, you must make an appropriate submission with the Insurance Department.

For guidance on submission requirements, consult the ISO State Filing Handbook.

WE WILL SUBMIT THIS REVISION TO THE INSURANCE DEPARTMENT ON MAY 1, 2024. IF STATE FILING REQUIREMENTS DICTATE THAT YOU MAKE A SUBMISSION WITH THE INSURANCE DEPARTMENT, DO NOT SUBMIT IT PRIOR TO THIS DATE.

In all correspondence with the New Jersey Department of Banking & Insurance on this revision, you should refer to ISO Filing Number [CA-2022-RCP1](#) and SERFF Tracking Number [ISOF-133216538](#), NOT this circular number. Communications with the regulator concerning a filing affecting multiple lines of business (i.e., CL, PL, AL filing designation) should specify the line(s) of business that you are addressing.

RATING SOFTWARE IMPACT

Refer to circular [LI-CA-2022-113](#) for impact of the rules multistate filing.

POLICYHOLDER NOTIFICATION

If you decide to implement this revision, you should check all applicable laws for the state(s) to which this revision applies to determine whether or not a specific policyholder notice requirement may apply. Please note that circular [LI-CL-2023-005](#) contains the ISO Guide To Renewals With Changed Conditions For Commercial Lines, which is available only as a guide to assist participating companies in complying with various conditional renewal statutes or regulations, for the major commercial lines of insurance serviced by ISO. The information in the Guide does not necessarily reflect all requirements or exceptions that may apply, and it is not intended as a substitute for your review of all applicable statutes and regulations concerning policyholder notification.

REVISION DISTRIBUTION

We will issue a Notice to Manualholders with an edition date of 6-24 (or the earliest possible subsequent date), along with any new and/or revised manual pages.

RELATED LOSS COSTS REVISION

We are announcing in a separate circular the implementation of a corresponding loss costs revision. Please refer to the Reference(s) block for identification of that circular.

DATA QUALITY

Statistical plan data reported to ISO is first processed through a system of rigorous automated data verification procedures so that only valid data would be used for ratemaking. Subsequent to this initial data submission review, additional analyses on the statistical plan data involving an even more customized data review for this line were performed by staff. During these processes, various data records were excluded from the review. The ISO staff responsible for this circular also reviewed the data for reasonableness.

ACKNOWLEDGMENT OF ACTUARIAL QUALIFICATIONS

The American Academy of Actuaries' "Qualifications Standards for Actuaries Issuing Statements of Actuarial Opinion in the United States" requires that an actuary issuing a Statement of Actuarial Opinion should include an acknowledgement with the opinion that he/she has met the qualification standards of the AAA. ISO considers this rules filing a Statement of Actuarial Opinion; therefore, we are including the following acknowledgment:

I, Daniel Traverso, am an Actuarial Associate for ISO, and I, Kevin Hughes, am an Actuarial Director for Commercial Auto for ISO. We are jointly responsible for the content of this Statement of Actuarial Opinion. We are both members of the American Academy of Actuaries and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

IMPORTANT NOTICE FOR USERS OF ISO PRODUCTS AND SERVICES

Please make sure that your company has authorized your use of this product and has complied with the requirements applicable in the jurisdiction where you plan to use it.

We distribute both state-specific and multistate products and services. We do not distribute all the multistate products and services for use in every jurisdiction due to corporate policy, regulatory preference, or variations or lack of clarity in state laws.

We provide participating insurers with information concerning the jurisdictions for which our products and services are distributed. Even in those jurisdictions, each insurer must determine what filing requirements, if any, apply and whether those requirements have been satisfied.

Now, as in the past, all of our products and services are advisory, and are made available for optional use by participating insurers as a matter of individual choice. Your company must decide for itself which, if any, ISO products or services are needed or useful to its operation and how those selected for use should be applied. We urge that you be guided by the advice of your attorneys on the legal requirements.

New Jersey Supplement To The 2022 Commercial Auto Multistate Rules Revision

About This Filing

This supplement addresses state exceptions to the ISO Commercial Lines Manual Division One – Automobile – Multistate Rules ("multistate manual") to complement the changes being made in the multistate portion of this filing. Due to the large volume of material in the filing, we provide a table below indicating, by rule number, what type of change has been made. Changes are broadly categorized as follows:

- ◆ No Change: In these rules the only change is the rule number itself and updates to the references of other rules.
- ◆ Clarified Meaning: In these rules, we have altered the language to make the instructions easier to understand and implement. However, there is no change made to the substance of the rating instruction.
- ◆ Rating Change: In these rules the advisory rating instructions have changed.
- ◆ Deleted: These rules are deemed no longer necessary.
- ◆ New Rule: These rules do not have a corresponding old rule.

Related Filing(s)

The following companion filings will be implemented concurrently with this filing:

- ♦ CA-2022-RLC1 (Loss Costs)

Background

In the multistate portion of this filing, we are withdrawing existing rules and replacing them with similar content in new rules, with the rule number from the standard manual incremented by 200. For example, Rule 212 contains the content corresponding to former Rule 12.

Explanation of Changes

The following state exceptions are being added, revised or withdrawn to correspond with the changes being made in the multistate portion of this filing. The explanations for these changes are described on the following pages, organized by the new rule number:

Rule 222. Premium Development – Other Than Zone-Rated Autos

The fleet factors have been replaced by the fleet size factors used in the Optional Class Plan rating.

We added premium computation instructions for Farmer Owned Trucks and Tractors (Class Code 7953).

Rule 223. Trucks, Tractors and Trailers Classifications

The primary and secondary classification tables have been updated to match the Optional Class Plan rating. The paragraph regarding Amusement Devices has been moved to multistate Rule 222. The additional coverage factors have a new designated home in Rule 308.

Rule 224. Truckers/Motor Carriers

This exception contains the Zone Combinations Factors only. The paragraph on premium determination now resides in the multistate Rule 224.

Rule 225. Premium Development – Zone-Rated Autos

The fleet factor has been replaced by a fleet size factor, but the values have not changed. We are expanding the table structure here and elsewhere to set it up for a future experience-based review.

The primary and secondary classification tables for zone-rated vehicles now reside in this rule.

Rule 231. Eligibility

The classification codes and Optional Class Plan rating factors for Private Passenger Types now reside in the state exception to Rule 231.

Rule 232. Private Passenger Types Classifications

The fleet size factors used in the Optional Class Plan rating now reside in the state exception to Rule 232.

We added premium computation instructions in our new standard format for the Liability and No-Fault coverages.

Rule 239. Premium Development – Other Than Zone-Rated Autos

The fleet factor has been replaced by a fleet size factor, but the values have not changed. We are expanding the table structure here and elsewhere to set it up for a future experience-based review. The Mechanical Lift Factor has been moved to the multistate Rule 239.

We added Liability and No-Fault premium computation instructions in our new standard format.

Rule 240. Public Auto Classifications

The paragraph on Primary Classifications resides in the multistate Rule **240**, since most states share this language. The state exception to Rule **240**, now only contains the classifications that differ from the multistate rule. The additional coverage factors have a new designated home in Rule **308**.

Rule 241. Premium Development – Zone-Rated Autos

The Mechanical Lift Factor has been moved to the multistate Rule **239**.

Rule 249. Auto Dealers – Premium Development For Common Coverages

The Medical Payments Liability Factors and Limit Factors now reside in Rule **292**.

We added No-Fault premium computation instructions in our new standard format.

Rule 254. Garagekeepers' Insurance – Eligibility

Similar language is now contained in the multistate Rule **254**.

Rule 266. Antique Autos

This state exception has been added to provide No-Fault premium computation instructions in our new standard format.

Rule 268. Driver Training Programs (Educational Institutions And Commercial Driving Schools) And Auto Repair Training

This state exception has been added to provide Liability and No-Fault premium computation instructions in our new standard format.

Rule 271. Fire Departments

This state exception has been added to provide Liability and No-Fault premium computation instructions in our new standard format.

Rule 273. Golf Carts And Low Speed Vehicles

This state exception has been added to provide Liability and No-Fault premium computation instructions in our new standard format.

Rule 274. Law Enforcement Agencies

This state exception has been added to provide Liability and No-Fault premium computation instructions in our new standard format.

Rule 275. Leasing Or Rental Concerns

We added Liability premium computation instructions in our new standard format for Private Passenger Types rated on a Specified Auto, Short Term basis.

The Leasing Or Rental Concerns Coverage Factors for Private Passenger Types are now contained in the multistate Rule **275**.

Rule 276. Mobile Homes

This state exception has been added to provide Liability and No-Fault premium computation instructions in our new standard format.

Rule 277. Motorcycles

The Uninsured Motorists premium computation instructions previously resided in the multistate Rule **277**, but have been moved to the state exception pages.

Rule 278. Registration Plates Not Issued For A Specific Auto

This state exception has been added to provide Liability and No-Fault premium computation instructions in our new standard format.

Rule 279. Repossessed Autos

This state exception has been added to provide Liability and No-Fault premium computation instructions in our new standard format.

Rule 281. Mobile Or Farm Equipment

This state exception has been added to provide Liability and No-Fault premium computation instructions in our new standard format.

Rule 284. All-Terrain Vehicles And Utility Task Vehicles

This state exception has been added to provide Liability and No-Fault premium computation instructions in our new standard format.

Rule 288. Drive Other Car Coverage

This state exception has been added to provide information about Pedestrian Personal Injury Protection Rating.

Rule 293. No-Fault Coverages

We converted the premium computation instructions to our new standard format.

Although the structure of this rule has changed, the values of all factors contained in this rule have not changed.

Rule 297. Uninsured Motorists Insurance

We converted the premium computation instructions to our new standard format.

Rule 298. Deductible Insurance

Liability Deductibles will now be priced with a Deductible Discount Factor that is subtracted from the Increased Limits Factor. This is a change in presentation only and is mathematically equivalent to the prior approach. The factor tables that previously existed in Rule 98. and Rule 298. now reside in the state exceptions.

We have introduced higher deductible amounts for the Other Than Collision coverages. The support for this update was provided in the multistate rules revision filed in 2019 with ISO filing designation CA-2019-RRU19.

Rule 301. Vehicle Age and Price Bracket

We have changed the name of this rule to reflect its focus on Vehicle Age and Price Bracket Rating. These rating variables are now used for both Liability and Physical Damage.

Rule 308. Physical Damage Coverages

This rule was introduced to house some physical damage content that previously resided elsewhere. The factors in section A used to be in Rules 23. And 25.

Rule 311. Terrorism Endorsement Options

The state exception for this rule has been removed since the rule now exists in the multistate manual.

(e) If the policy is canceled:

- i.** Prior to the period of operation shown in the endorsement, the entire premium for this endorsement must be returned.
- ii.** After the period of operation shown in the endorsement, the entire premium for this endorsement is fully earned.

The following is added to Paragraph **C.1.b.:**

(5) Farmer Owned Trucks And Tractors (Use Class Code 7953)

- (a)** A discount applies to a truck or tractor owned by a farmer, used solely on the named insured's premises and on a public highway connecting any farms or portions of a farm owned or managed by the registered owner of the truck or tractor, provided:
 - i.** Limited registration plates which apply to such truck or tractor are displayed in accordance with New Jersey Statutes, and
 - ii.** The Farm Machinery and Implement Registration Certificate issued by the Division of Motor Vehicles of the State of New Jersey describes, and is in effect, with respect to such truck and tractor.

(b) Compute the premium as follows:

Premium = Otherwise Applicable Premium * Farmer Owned Trucks and Tractors Factor

i. Refer to Paragraph C.1.a. for the computation of the otherwise applicable premium.

Table 239.B.2.c. Fleet Size Factors For Other Than Collision

Paragraphs **C.1.** and **C.3.** are replaced by the following:

C. Premium Computation

1. Liability

For a unit that combines a motorized auto with one or more trailer or semi-trailer, refer to company to determine the liability premium. For autos used to transport seasonal or migrant agricultural workers in accordance with the Migrant And Seasonal Agricultural Worker Protection Act, see Rule **243.** for the Liability premium.

a. Buses Liability

Premium = Loss Cost * (Increased Limits Factor – Deductible Discount Factor) * (Primary Factor + Secondary Factor) * Fleet Size Factor * Mechanical Lift Factor * Liability And Medical Expense Benefits Coverages Factor

(1) Refer to the territory loss costs/rates for the Loss Cost.

(2) Refer to Rule **300.** for the Increased Limits Factor.

(3) Refer to Rule **298.A.** for the Deductible Discount Factor.

(4) Refer to Rule **240.C.** for the Primary Factor.

(5) Refer to Rule **240.D.** for the Secondary Factor.

(6) Refer to Paragraph **B.2.** for the Fleet Size Factor.

(7) Refer to Paragraph **C.8.** for the Mechanical Lift Factor.

(8) Refer to Rule 293.F.2. for the Liability And Medical Expense Benefits Coverages Factor.

b. Public Autos Other Than Buses Liability

Note: For Van Pools, the following formula only applies if the insured does not purchase Personal Injury Protection. If the insured purchases Personal Injury Protection, use the premium formula for Van Pools Liability and No-fault Combined in Paragraph C.3. instead.

Premium = Loss Cost * (Increased Limits Factor – Deductible Discount Factor) * (Primary Factor + Secondary Factor) * Fleet Size Factor * Mechanical Lift Factor

(1) Refer to the territory loss costs/rates for the Loss Cost.

(2) Refer to Rule 300. for the Increased Limits Factor.

(3) Refer to Rule 298.A. for the Deductible Discount Factor.

(4) Refer to Rule 240.C. for the Primary Factor.

(5) Refer to Rule 240.D. for the Secondary Factor.

(6) Refer to Paragraph B.2. for the Fleet Size Factor.

(7) Refer to Paragraph C.8. for the Mechanical Lift Factor.

3. No-fault

For higher limits, refer to company. See Rule 293.G. for Pedestrian Personal Injury Protection Rating.

a. Van Pools Liability And No-fault Combined

The following replaces the Liability Premium Formula for Van Pools when the insured has purchased Personal Injury Protection.

Premium = Loss Cost * (Increased Limits Factor – Deductible Discount Factor) * (Primary Factor + Secondary Factor) * Fleet Size Factor * Mechanical Lift Factor * Van Pools Combined Liability And Personal Injury Protection Coverages Factor * (Private Passenger Types Combined Options Factors * Auto Dealer Risks And Van Pools Combined Options Factor + Auto Dealer Risks And Van Pools Tort Factors) * Medical Expense Benefits-as-secondary Factor

(1) Refer to the territory loss costs/rates for the Loss Cost. Use the Liability Loss Cost.

(2) Refer to Rule 300. for the Increased Limits Factor.

(3) Refer to Rule 298.A. for the Deductible Discount Factor.

(4) Refer to Rule 240.C. for the Primary Factor.

(5) Refer to Rule 240.D. for the Secondary Factor.

(6) Refer to Paragraph B.2. for the Fleet Size Factor.

(7) Refer to Paragraph C.8. for the Mechanical Lift Factor.

(8) Refer to Rule 293.B.1.b.(3) for the Van Pools Combined Liability And Personal Injury Protection Coverages Factor.

(9) Refer to Rule 293.C.1.c. for the Private Passenger Types Combined Options Factor.

(10) Refer to Rule 293.B.1.b.(1) for the Auto Dealer Risks And Van Pools Combined Options Factor.

(11) Refer to Rule 293.B.1.b.(2) for the Auto Dealer Risks And Van Pools Tort Factor.

(12) Refer to Rule 293.C.4.b. for the Medical Expense Benefits-as-secondary Factor.

b. Buses Medical Expense Benefits For Passengers

Premium = Loss Cost * (Primary Factor + Secondary Factor) * Fleet Size Factor * Mechanical Lift Factor * Medical Expense Benefits-as-secondary Factor

(1) Refer to the territory loss costs/rates for the Loss Cost. Use the Liability Loss Cost.

(2) Refer to Rule 240.C. for the Primary Factor.

(3) Refer to Rule 240.D. for the Secondary Factor.

(4) Refer to Paragraph B.2. for the Fleet Size Factor.

(5) Refer to Paragraph C.8. for the Mechanical Lift Factor.

(6) Refer to Rule 293.F.2. for the Medical Expense Benefits-as-secondary Factor.

D. Secondary Classifications

Secondary classification codes and factors are provided for non-zone rated Buses, which include Airport Limousines. For those classes, the secondary classification codes are found in the fourth digit of the classification code. For all other Public Autos, the four-digit classification code is determined by primary classification alone and the secondary factor is always zero.

4. No-fault

An individual may be provided no-fault coverages by naming the individual in a broadened Personal Injury Protection Coverage endorsement applicable. Refer to Rule **293.** for information on the applicability and rating of this endorsement.

See Rule **293.G.** for Pedestrian Personal Injury Protection Rating.

292. MEDICAL PAYMENTS

Rule **292.** does not apply to autos subject to no-fault.

293. NO-FAULT COVERAGES

Rule **293.** is replaced by the following:

A. Personal Injury Protection

1. Use New Jersey Personal Injury Protection Coverage Endorsement **CA 22 30**. This coverage must be provided on every auto listed as follows:
 - a. Private passenger type autos.
 - b. Vans, pickup and panel trucks not used for business purposes, other than farming or ranching.
 - c. Utility autos designed for personal use, such as campers or motor homes, not used for business purposes.
2. Coverage for pedestrians only must be provided on all autos (other than trailers); see State of New Jersey, Department of Banking and Insurance Order No. A15-106, dated June 30, 2015. See Paragraph **G.** for pricing.
3. Basic Personal Injury Protection is subject to a \$250 deductible for medical expense benefits which applies to each accident. Other coverage options are treated in Paragraph **C.**

B. Tort Limitations

1. The named insured must be provided the option to limit the named insured's statutory right to recover in tort for non-economic loss. Election of a tort option must be in writing and signed by the named insured. If the named insured fails to select an option, he or she will be deemed to have elected the option to limit the right to recover for non-economic loss. The tort option elected applies only to the named insured, resident spouse or party to a civil union recognized under New Jersey law, and any resident children of either the named insured, resident spouse or party to a civil union recognized under New Jersey law, and only for a private passenger auto, as defined by N.J.S.A. 39:6A-2.

<u>Personal Injury Protection</u>	<u>N/A</u>	<u>0.11</u>	<u>0.11</u>

Table 293.B.1.c. All Other Types Tort Limitation Factors

C. Personal Injury Protection Coverage Options

1. Individually Owned Autos

If the policy covers individually owned autos, the following options must be provided. These options apply only to the named insured, resident spouse or party to a civil union recognized under New Jersey law, and any resident children of either the named insured, resident spouse or party to a civil union recognized under New Jersey law. Refer to the combined options table in Paragraph C.4. for the appropriate Personal Injury Protection rating.

If the named insured selects an amount less than the \$250,000 limit provided by the Personal Injury Protection Coverage endorsement on any private passenger type vehicle not used in the insured's business, that vehicle must be covered under the Personal Auto Program and may not be insured under the Commercial Auto Program.

a. Deductibles

The named insured must be provided the option to purchase medical expense deductibles of \$500, \$1,000, \$2,000 and \$2,500 to replace the \$250 per accident deductible. However, if this option is purchased, persons other than the named insured and resident relatives will be subject to a separate deductible of \$250 per accident. Medical expense benefits payable in any amount between the selected option deductible and \$5,000 are subject to a co-payment of 20%.

b. Non-medical Expense Benefits Elimination

The named insured must be provided the option to eliminate all non-medical expense Personal Injury Protection benefits.

c. Private Passenger Types Combined Options Factors

<u>PIP Deductible</u>	<u>Factor</u>	
	<u>Basic PIP*</u>	<u>Medical Expenses Only</u>
<u>\$ 250</u>	<u>1.00</u>	<u>0.94</u>

<u>2,000</u>	<u>0.78</u>	<u>0.72</u>
<u>2,500</u>	<u>0.75</u>	<u>0.69</u>
* Basic PIP is subject to a \$250 deductible for medical expenses and a co-payment amount of 20% for amounts payable between the applicable deductible and \$5,000.		

Table 293.C.1.c. Private Passenger Types Combined Options Factors

2. Optional Organized Delivery System Waiver

The insurer may provide Personal Injury Protection Coverage that waives the applicable 20% co-payment for medical expense benefits payable between \$250 and \$5,000 as well as the standard \$250 deductible, or any other deductible amount that the insured may have selected, for medical expense benefits in the event that the insured elects to receive medical treatment from a provider that is an organized delivery system (ODS) that has contracted with the insurer, or its Personal Injury Protection vendor. Use New Jersey Personal Injury Protection – Optional Waiver Of Scheduled Medical Expense Benefits Deductible And Co-payment Endorsement **CA 22 68**.

3. Extended Medical Expense Coverage At Higher Limits

Policies including Personal Injury Protection Coverage must provide Extended Medical Expense Benefits Coverage at a limit of \$1,000 for no additional charge. This coverage may also be provided at a limit of \$10,000. When coverage is provided at the \$10,000 limit, charge an additional premium for each auto or auto dealer rating unit. This additional premium is not subject to modification under the provisions of any rating plan or other manual rule.

 Additional Premium = Loss Cost

a. Loss Cost in state Table 293.C.3.(LC).

4. Medical Expense Benefits-as-secondary Option

a. If the named insured is an individual, the named insured must be offered the option to make medical expense benefits secondary to the health benefits plans under which the named insured and resident relatives are covered. If this option is elected, it applies only to the named insured and resident relatives who are not covered under another Personal Injury Protection policy.

b. The named insured must provide proof that the named insured and resident relatives are covered by health insurance coverage or benefits.

Medical Expense Benefits	Factor
Medical Expense Benefits Primary	1.00
Medical Expense Benefits Secondary	0.75

Table 293.C.4.b. Medical Expense Benefits-as-secondary Factor

D. Added Personal Injury Protection

1. This coverage must be offered to individual named insureds who are insured for basic Personal Injury Protection. This coverage should not be provided to insureds who have Personal Injury Protection Coverage only for pedestrians or insureds who have chosen to eliminate non-medical expense benefits. This coverage applies to the named insured including a spouse or party to a civil union recognized under New Jersey law. Use New Jersey Added Personal Injury Protection Coverage Endorsement CA 22 31. Charge an additional premium per auto or auto dealer rating unit:

 Additional Premium = Loss Cost

a. Loss Cost in state Table 293.D.1.(LC).

2. The option to extend added Personal Injury Protection to resident relatives must be offered to the named insured. Charge an additional premium per resident relative:

 Additional Premium = Loss Cost

a. Loss Cost in state Table 293.D.2.(LC).

E. Broadened Personal Injury Protection Coverage For Named Individuals

1. An individual who regularly uses the insured auto may be provided basic Personal Injury Protection by naming the individual as a named insured. Use Named Individuals – Broadened Personal Injury Protection Coverage Endorsement CA 22 01. Charge an additional premium per added named insured:

 Additional Premium = Loss Cost

a. Loss Cost in state Table 293.E.1.(LC).

2. When the added named insured are covered by Added Personal Injury Protection Coverage, further charge an additional premium per added named insured:

 Additional Premium = Loss Cost

a. Use the Loss Cost in state Table 293.D.1.(LC) applicable to the first auto or auto dealer rating unit.

3. When the added named insured are covered by Extended Medical Expense Benefits Coverage, further charge an additional premium per added named insured:

 Additional Premium = Loss Cost

a. Loss Cost in state Table 293.C.3.(LC).

F. Medical Expense Benefits Coverage – Motor Bus Passengers

1. Application

Every owner or operator of a motor bus, as defined in R.S. 17:28-1.5, must maintain Medical Expense Benefits Coverage – Motor Bus Passengers. Use New Jersey Medical Expense Benefits Coverage – Motor Bus Passengers Endorsement CA 22 59. The term motor bus includes, but is not limited to, the following classifications of public autos, that are otherwise not exempted under R.S. 17:28-1.5, except if owned and operated by the New Jersey Transit Corporation:

a. Urban buses;

- b. Church buses;
- c. Inter-city buses;
- d. Airport buses;
- e. Charter buses;
- f. Sightseeing buses;
- g. Buses used to transport Athletes or Entertainers;
- h. Buses used to transport employees;
- i. Buses owned by Social Services Agencies; and
- j. Buses not otherwise classified.

2. Premium Development

To determine the Liability and Medical Expense Benefits Coverages base loss costs, multiply the Liability Coverage base loss cost by the appropriate factor in the following table:

<u>Coverage</u>	<u>Factor</u>
<u>\$100,000 Liability with Medical Expense Benefits for Passengers</u>	<u>0.75</u>
<u>\$100,000 Liability without Medical Expense Benefits for Passengers</u>	<u>1.00</u>
<u>Medical Expense Benefits</u>	<u>0.21</u>

Table 293.F.2. Liability And Medical Expense Benefits Coverages Factors

G. Pedestrian Personal Injury Protection

1. Coverage for pedestrians only must be provided on all autos (other than trailers); see State of New Jersey, Department of Banking and Insurance Order No. A15-106, dated June 30, 2015. Charge a premium for Pedestrian Personal Injury Protection for each auto and auto dealer rating unit. For vehicles provided Personal Injury Protection, this premium applies in addition to the premium for that coverage:

Premium = Loss Cost * Pedestrian Personal Injury Protection Coverage Factor

- a. Use the "Not Principally Operated By Employees" Private Passenger Type basic Personal Injury Protection loss cost shown in the state company rates/ISO loss costs.
- b. Pedestrian Personal Injury Protection Coverage Factor

<u>Factor</u>
<u>0.10</u>

Table 293.G.1.b. Pedestrian Personal Injury Protection Coverage Factor

297. UNINSURED MOTORISTS INSURANCE

The following is added to Rule **297.:**

A. Application

Uninsured and Underinsured Motorists Bodily Injury and Property Damage Coverage must be provided. Use New Jersey Uninsured And Underinsured Motorists Coverage Endorsement **CA 21 14**. For split limits, also use New Jersey Split Uninsured And Underinsured Motorists Coverage Limits Endorsement **CA 21 77**. This coverage must be provided as an option up to a combined single limit of \$500,000, or at split limits of \$250,000/500,000/100,000, but not at limits greater than the policy's liability limits. Property Damage Coverage is subject to a \$500 deductible.

B. Premium Computation

1. Identify the exposures in this jurisdiction for which coverage applies and for which a premium will be charged. Exposures include owned self-propelled vehicles and sets of registration plates not issued to a specific auto (including dealer and transporter plates).

Do not charge a premium for the following:

- a. Trailers;
- b. Hired and non-owned autos;
- c. Owned vehicles which have not been assigned registration plates (such as Auto Dealers' inventory); or
- d. Registration plates used to transport non-owned autos (such as drive-away contractors rated under Rule **269.**).

2. Determine the exposure type (Private Passenger Type or Other Than Private Passenger Type). For the purposes of this premium development, Private Passenger Types include exposures which are classified under Section III of Division One or are explicitly described as Private Passenger Types elsewhere in Division One. Unless instructed otherwise, all other exposures are considered to be Other Than Private Passenger Types, even when rating for other coverages is based on Private Passenger Types.

3. For some autos, the Uninsured And Underinsured Motorists Coverage Premium Formula is given in the section for that auto. For all other autos to which the coverage applies, the following premium formula applies for each auto. Note that the additional premium in Paragraph **B.4.** may apply in either case.

Premium = Loss Cost

- a. Select the appropriate loss costs table as follows:

- (1) For Single Limits Uninsured And Underinsured Motorists Bodily Injury And Property Damage Coverage, refer to state loss costs Table **297.B.3.a.(1)(LC)**.

- (2) For Split Limits Uninsured And Underinsured Motorists Bodily Injury Coverage, refer to state loss costs Table **297.B.3.a.(2)(LC)**. The initial limits provided are the minimum financial responsibility limits required in New Jersey.

- (3) For Split Limits Uninsured And Underinsured Property Damage Coverage, refer to state loss costs Table **297.B.3.a.(3)(LC)**. The initial limit provided is the minimum financial responsibility limit required in New Jersey.

4. For policies (other than Auto Dealers) issued to individual named insureds, charge an additional premium once for each exposure. If split limits are provided, do not charge the additional premium a second time for Uninsured Motorists Property Damage Coverage.

Additional Premium = Loss Cost

- a. Loss Cost in state loss costs Table **297.B.4.(LC)**.

B. Physical Damage Coverages

1. Special Provisions

- At the option of the insured, the Comprehensive deductible provisions may be made inapplicable to safety glass breakage. Use Full Safety Glass Coverage Endorsement **CA 04 21**.
- For Specified Causes of Loss deductibles that apply to Theft, Mischief And Vandalism, refer to company. For Limited Other Than Collision coverages without a deductible, the Deductible Discount Factor is 0.000.
- For the Physical Damage premium computations, when the Deductible Discount Factor is subtracted from the Vehicle Value Factor, the resulting value (Vehicle Value Factor – Deductible Discount Factor) is subject to a minimum value of 0.10. If the subtraction yields a value less than the minimum, substitute 0.10 in its place.

C. Secondary Classification – Special Industry Class

1. Application

According to classification, combine the secondary factor in this section with the primary factor. Insert the code provided, in the 4th and 5th digit of the classification code.

2. Autos Having More Than One Use

Where more than one secondary rating factor applies, use the highest rated classification unless 80% of the use is in a lower rated activity. In that case, use the lower rated classification.

3. Trailer Types And Zone-rated Autos

a. Codes

Use the classifications and codes provided in the tables of this section.

b. Factors

All secondary factors for Trailer Types and Zone-rated Autos are zero (0.00). Do not use the factors provided in this section.

4. Truckers

Autos used to haul or transport goods, materials or commodities for another, other than autos used in moving operations.

Paragraph **D.3.** is replaced by the following:

D. Special Provisions For Certain Risks

3. Amusement Devices (Class Code 7905)

A coverage form that covers an auto with an amusement device mounted on it must cover the operation of the amusement device. Develop the additional premium by multiplying the trucks, tractors and trailers liability base premium by the following factor. The premium is for the period of coverage and not subject to any return.

Factor
1.60

Table 23.D.3. Amusement Devices Liability Coverage Factor

The following is added to Paragraph **D.8.**:

To provide additional coverages for all territories, multiply the Specified Causes of Loss premium by the following factors:

Coverage	Factor
Fire Only	0.35
Fire and Theft Only	0.70
Fire, Theft and Windstorm Only	0.80
Limited Specified Causes of Loss	0.90
For Stated Amount rating, refer to company.

Paragraph **D.9.b.(2)** is replaced by the following:

9. Seasonal Agricultural Produce Trailers

b. Premium Computation

(2) If the policy is canceled:

- (a)** Prior to the period of operation shown in the endorsement, the entire premium for this endorsement must be returned.
- (b)** After the period of operation shown in the endorsement, the entire premium for this endorsement is fully earned.

24. TRUCKERS/MOTOR CARRIERS

Paragraph **B.2.b.(2)(e)** is replaced by the following:

- (e) Multiply the daily per trailer loss cost for the desired coverage by the appropriate physical damage factors in the following tables. For local and intermediate risks, assume that the zone of principal garaging is the same as the zone of terminal. If zone of principal garaging and zone of terminal are both in Metropolitan zones, use Table **24.B.2.b.(2)(e)(i)**. If no Metropolitan zones are involved in the rating, then use Table **24.B.2.b.(2)(e)(ii)**. If zone of garaging and zone of terminal differ, use Table **24.B.2.b.(2)(e)(iii)**. Refer to Rule **25.B.** for development of zone combinations and Rule **25.D.** for definitions of all Metropolitan and Regional zones.

Paragraph C.3. is replaced by the following:

C. Premium Determination

3. Gross Receipts Basis (Class Code 7480) Or Mileage Basis (Class Code 7490) – Liability Coverage

a. Eligibility

(1) Local truckers may be written on the gross receipts rating basis if:

(a) The risk has been in business for at least 15 months immediately preceding the effective date of the policy, and

(b) The risk is comprised of 10 or more trucks, tractors or trailers used for local trucking.

(2) Risks comprised of intermediate and/or long distance truckers only, or risks comprised of local and intermediate and/or long distance truckers, may be written on the gross receipts or mileage rating basis if:

(a) The risk has been in business for at least 15 months immediately preceding the effective date of the policy, and

(b) The risk is comprised of five or more trucks or tractors used for intermediate or long distance trucking or 10 or more trucks, tractors or trailers.

(3) A risk which principally operates trip leased equipment must be submitted to the company for rating.

(4) A risk which otherwise qualifies but which has been in business less than 15 months may be submitted to the company to determine its eligibility.

(5) The policy must cover the insured for all the owned and hired trucks, tractors and trailers used in the insured's trucking operations. The policy may also cover either private passenger autos or non-ownership liability or both.

b. Definition

(1) Gross receipts means the total amount earned by the insured for shipping or transporting property.

(2) Mileage means the total live (laden) and dead (unladen) mileage of all autos during the policy period.

(3) Gross receipts include:

(a) The total amount received from the rental of equipment from the insured, with or without drivers, to any person or organization not engaged in the business of transporting property for hire by auto, and

(b) 15 of the total amount received from the rental of equipment from the insured, with or without drivers, to any person or organization engaged in the business of transporting property for hire by auto.

(4) Mileage includes:

(a) The total mileage developed from the rental of equipment from the insured, with or without drivers, to any person or organization not engaged in the business of transporting property for hire by auto, and

(b) 15 of the mileage developed from the rental of equipment from the insured, with or without drivers, to any person or organization engaged in the business of transporting property for hire by auto.

(5) Gross receipts do not include:

(a) Amounts paid to air, sea or land carriers operating under their own permits.

(b) Taxes collected as a separate item and paid directly to the government.

(c) C.O.D. collections for cost of merchandise including collection fees.

(d) Warehouse storage charges.

(e) Advertising revenue.

(6) These definitions apply whether shipment originates with the insured or some other carrier.

c. Premium Development

- (1) The rating rules that apply in the headquarters location of the risk shall govern the rating of all operations regardless of location. Headquarters means the address given to the Federal Motor Carrier Safety Administration or any state administrative authority as the principal business address of the risk.
- (2) Using the current manual loss costs, develop an average total policy specified car premium for all equipment owned and term-leased as of both 12 months and as of three months prior to the effective date of the policy. Also, include the total premium for other coverages such as nonownership liability and hired auto if the policy provides such coverages.

Also include in the average total policy premium, the premium generated by trucks, tractors and trailers that are rented to any person or organization engaged in the business of transporting property for hire under long-term contracts. Compute this additional premium by multiplying the loss costs that otherwise apply during the period of rental, provided the autos are identified and so designated, by the following factor:

Factor
.15

Table 24.C.3.c.(2) Long-term Hire Factor

- (3) Divide the average total policy specified car premium from Paragraph (2) by the gross receipts or mileage developed during the 12-month period ending three months prior to the effective date of the policy.
- (4) Convert this amount into a rate per \$100 of gross receipts or per mile of operation.
- (5) Compute the advance premium by multiplying the rate per \$100 of gross receipts or per mileage of operation by the estimated total gross receipts (in hundreds) or mileage for the policy period for all autos including those trip-leased.
- (6) Compute the earned premium by multiplying the rate per \$100 of gross receipts or per mileage of operation by the audited total gross receipts (in hundreds), whether or not collected, or the audited total mileage, live (laden) or dead (unladen), developed during the policy period.
- (7) The following example uses hypothetical specified car premiums for illustrative purposes only:

Gross Receipts Basis:

- (a) Total policy specified car premium 12 months prior to the effective date: \$1,500,000
- (b) Total policy specified car premium three months prior to the effective date: \$1,400,000
- (c) Average total policy specified car premium: \$1,450,000
- (d) Total annual gross receipts three months prior to effective date: \$10,000,000
- (e) $\$1,450,000 / 10,000,000 = \$.145$
- (f) $\$.145 \times 100 = \14.50 (rate per \$100 of gross receipts)
- (g) Total audited gross receipts: \$15,000,000
- (h) $\$14.50 \times 150,000 = \$2,175,000$ (earned premium)
- (8) The following example uses hypothetical specified car premiums for illustrative purposes only:

Mileage Basis:

- (a) Total policy specified car premium 12 months prior to the effective date: \$1,500,000
- (b) Total policy specified car premium three months prior to the effective date: \$1,400,000
- (c) Average total policy specified car premium: \$1,450,000
- (d) Total annual mileage three months prior to effective date: 5,000,000
- (e) $1,450,000 / 5,000,000 = \$.29$ (rate per mile)
- (f) Total audited mileage: 6,500,000
- (g) $\$.29 \times 6,500,000 = \$1,885,000$ (earned premium)

d. Medical Payments

If the policy provides medical payments, compute the premium by multiplying the \$100,000 limit liability premium and minimum premium by the following factors:

Limits	\$500	\$1000	\$2000	\$5000
	.037	.044	.050	.059

7391	Non-fleet (Liability and Physical Damage)

Table 31. Class Codes

- ~~— A. A private passenger auto is a four-wheel auto of the private passenger or station wagon type. A pickup, panel truck or van not used for business is rated as a private passenger auto.~~
- ~~— B. Except for those autos listed in Paragraphs C. and D., this section applies to all private passenger autos which are owned by corporations, partnerships or unincorporated associations or rated as part of a fleet.~~
- ~~— C. Refer to the insurer's Personal Auto Manual for private passenger autos which are:~~
 - ~~— 1. Furnished to individuals by corporations, partnerships and unincorporated associations owning less than five autos and not used for business purposes.~~
 - ~~— 2. Owned by family partnerships or family corporations and which are:~~
 - ~~— a. Garaged on a farm or ranch; and~~
 - ~~— b. Not rated as part of a fleet; and~~
 - ~~— c. Not used in any occupation other than farming or ranching.~~
- ~~— D. This section does not apply to:~~
 - ~~— 1. Transportation network services autos used to provide prearranged transportation services for compensation exclusively through an online-enabled application or digital network which connects passengers with drivers; or~~
 - ~~— 2. Autos used to provide delivery services, including courier services, for compensation through an online-enabled application or digital network which connects customers with drivers using their vehicles to provide such prearranged services, but not including transportation network services autos.~~

For such autos, refer to Rule ~~116~~.

39. PREMIUM DEVELOPMENT – OTHER THAN ZONE-RATED AUTOS

Paragraphs **B.2.** and **B.3.** are replaced by the following:

— **B. Determination Of Classification Rating Factor And Class Code**

- **2.** Determine the primary classification code and rating factor from Rule **40.** based on use class and radius class. For van pools and limousines, the rating factor is based on seating capacity.
- **3.** Except for taxicabs, paratransits, car service, van pools and limousines (other than airport limousines), determine the secondary classification code and rating factor from Rule **40.** based on the seating capacity.

Paragraph **C.2.b.** is replaced by the following:

— **C. Premium Computation**

— **2. Liability, Basic No-fault And Medical Payments Coverages**

- **b.** For fleets, multiply the result by the following factors:

Vehicle Type	Factor

40. PUBLIC AUTO CLASSIFICATIONS

Paragraphs **D.2.** and **D.3.** are replaced by the following:

~~D. Primary Classifications~~

~~2. Use Class~~

~~a. Taxicab~~

~~A metered or unmetered auto, other than a Car Service or Limousine, with a seating capacity of eight or less that is operated for hire by the named insured or an employee, but does not pick up, transport or discharge passengers along a route. The auto must be licensed by the appropriate licensing authority, as required by law, based on the territory of operation. A Taxicab — Owner-driver means an individual owner of a single taxicab operated by the individual owner or spouse.~~

~~b. Car Service~~

~~An unmetered auto, other than a Taxicab or Limousine, with a seating capacity of eight or less that is operated for hire by the named insured or an employee, and operates from a central base station. The auto must be licensed by the appropriate licensing authority, as required by law, based on the territory of operation.~~

~~c. Limousine~~

~~An unmarked luxury auto, other than a Taxicab or a Car Service, that is operated for hire by the named insured or an employee, and is used on a pre-arranged basis for special or business functions, weddings, funerals or similar purposes. The auto and driver must be in attendance at the beginning and end of the function, and the auto must be licensed by the appropriate licensing authority, as required by law, based on the territory of operation.~~

~~d. School Bus~~

~~An auto that carries students or other persons to and from school or any school activity including games, outings and similar school trips.~~

~~(1) Separate codes and rating factors apply to:~~

~~(a) School buses owned by political subdivisions or school districts.~~

~~(b) All others, including independent contractors, private schools and church-owned buses.~~

~~(2) A policy covering a school bus may be written on an annual term for liability and collision coverages with premium prorated to reflect the actual school term. However, do not give credit for Saturdays, Sundays or holidays or for any other periods of lay-up during the school term.~~

~~(3) If a publicly owned school bus is used for special trips unrelated to school activities, refer to company for additional charge.~~

~~e. Church Bus~~

~~An auto used by a church to transport persons to or from services and other church-related activities. This classification does not apply to public autos used primarily for daily school activities.~~

~~f. Inter-city Bus~~

~~An auto that picks up and transports passengers on a published schedule of stops between stations located in two or more towns or cities.~~

~~g. Urban Bus~~

~~An auto that picks up, transports and discharges passengers at frequent local stops along a prescribed route. This classification applies only to vehicles operated principally within the limits of a city or town and communities contiguous to such city or town, and includes scheduled express service between points on that route.~~

~~h. Airport Bus Or Airport Limousine~~

~~An auto for hire that transports passengers between airports and other passenger stations or motels.~~

~~i. Charter Bus~~

~~An auto chartered for special trips, touring, picnics, outings, games and similar uses.~~

~~j. Sightseeing Bus~~

~~An auto accepting individual passengers for a fare for sightseeing or guided tours, making occasional stops at certain points of interest and returning the passengers to the point of origin.~~

~~k. Transportation Of Athletes And Entertainers~~

~~An auto owned by a group, firm or organization that transports its own professional athletes, musicians or other entertainers.~~

~~(1) If it is used to transport other professional athletes or entertainers, rate as a charter bus.~~

~~(2) An auto owned by a group, firm or organization to transport its own non-professional athletes, musicians or entertainers, rate as a public auto not otherwise classified.~~

~~**l. Van Pools**~~

~~An auto of the station wagon, van, truck or bus type used to provide prearranged commuter transportation for employees to and from work and is not otherwise used to transport passengers for a charge.~~

~~**(1) Employer Furnished Transportation**~~

~~Transportation is held out by the employer as an inducement to employment, a condition of employment or is incident to employment.~~

~~**(a) Employer Owned Autos**~~

~~Autos owned, or leased for one year or more, by an employer and used to provide transportation only for his employees.~~

~~**(b) Employee Owned Autos**~~

~~Autos owned, or leased for one year or more, by an individual employee and used to provide transportation only for fellow employees.~~

~~**(2) All Other**~~

~~Autos which do not meet the eligibility requirements of Paragraph (1).~~

~~**m. Transportation Of Employees – Other Than Van Pools**~~

~~Autos of any type used to transport employees other than in van pools.~~

~~(1) Autos owned, or leased for one year or more, by an employer and used to transport only his own employees.~~

~~(a) For private passenger autos, charge rates shown in the state company rates/ISO loss costs for private passenger types (Class Code 5851).~~

~~(b) For all other autos, rate as a van pool – all other (Class Code 5851).~~

~~(2) Autos owned, or leased for one year or more, by a person or organization who is in the business of transporting employees of one or more employers. Rate as public auto not otherwise classified.~~

~~**n. Paratransit**~~

~~A non-emergency auto specially equipped to transport sick, elderly or handicapped individuals and that does not follow fixed routes or fixed schedules. The auto must be licensed by the appropriate licensing authority, as required by law, based on the territory of operation. This classification includes, but is not limited to, autos that may be otherwise known as Ambulettes and Medicars.~~

~~**o. Social Service Agency Auto**~~

~~An auto used by a government entity, civic, charitable or social service organization to provide transportation to clients incident to the social services sponsored by the organization, including special trips and outings.~~

~~(1) This classification includes, for example, autos used to transport:~~

~~(a) Senior citizens or other clients to meal centers, medical facilities, social functions and shopping centers;~~

~~(b) Handicapped persons to work or rehabilitative programs;~~

~~(c) Children to day care centers and Head Start programs; and~~

~~(d) Boy Scout or Girl Scout groups to planned activities.~~

~~(2) The following autos are eligible for this classification:~~

~~(a) Autos owned, or leased for one year or more, by the social service agency.~~

~~(b) Autos donated to the social service agency without a driver.~~

~~(c) Autos hired under contract by the social service agency.~~

~~(3) This classification does not include Paratransits.~~

~~(4) If an auto has more than one use, use the highest rated classification unless 80% of the use is in a lower rated activity. In that case, use the lower rated classification.~~

~~(5) Separate codes and rating factors apply to:~~

~~(a) Employee operated autos operated by employees of the social service agency. If a social service auto is also operated by volunteer drivers or other non-agency employees, use the All Other classification unless 80% of the use is by agency employees.~~

~~(b) All other autos which do not meet the requirements of Paragraph (a).~~

NEW JERSEY – COMMERCIAL AUTO
RULES FILING CA-2022-RCP1 (SUPPLEMENT)

~~(6) Excess liability coverage may be provided to cover autos not owned or licensed by the agency while being used in its social service transportation activities. This coverage may be extended to cover the agency's liability only or the liability of both the agency and, on a blanket basis, the individual liability of agency employees or volunteer donors or owners of the autos. For autos hired, loaned, leased or furnished, refer to Rule 90. For all other non-owned autos, refer to Rule 89.~~

p. Public Auto Not Otherwise Classified

This classification includes, but is not limited to, autos such as country club buses, cemetery buses, real estate development buses and courtesy buses run by hotels.

3. Non-fleet And Fleet Primary Classifications – Rating Factors And Statistical Codes For Local, Intermediate And Long-Distance Radius

a. Public Auto Use Classes (Except Van Pools)

Rate the following classifications using the base loss cost for the corresponding category. For example, multiply the Car Service factors by the Taxicabs and Limousines base loss costs.

The following is added to Rule ~~54~~:

- ~~D.~~ Garagekeepers' insurance may be issued to tow truck operators for physical damage to customers' autos, such as when being driven, towed or carried to the point of repair.

57. YEAR 2000 COMPUTER-RELATED ENDORSEMENTS

The following is added to Rule 57.:

~~D. Refer To Company~~

~~When a risk is rated on a refer to company basis, each company:~~

- ~~1. Is responsible for complying with regulatory requirements;~~
- ~~2. Must "refer to company" only portion of the premium applicable to the year 2000 exposure; and~~
- ~~3. Maintain a complete file of all details and factors used in determining the premium applicable to the year 2000 exposure.~~

75. LEASING OR RENTAL CONCERNS

Paragraph ~~B.1.a.(2)~~ does not apply.

The following is added to Paragraph ~~B.1.a.:~~

~~— B. Premium Computation~~

~~— 1. Specified Auto Basis~~

~~— a. Long Term – Autos Leased For Six Months Or More~~

Table 75.B.1.b.(2) Private Passenger Types Factors

Paragraph ~~B.4.~~ does not apply.

92. MEDICAL PAYMENTS

~~This rule does not apply to autos subject to no fault.~~

93. NO-FAULT COVERAGES

Rule **93.** is replaced by the following:

A. Personal Injury Protection

1. This coverage must be provided on every auto listed as follows: Use New Jersey Personal Injury Protection Coverage Endorsement **CA 22 30.**
 - a. Private passenger type autos.
 - b. Vans, pickup and panel trucks not used for business purposes, other than farming or ranching.
 - c. Utility autos designed for personal use, such as campers or motor homes, not used for business purposes.
2. Policies including Personal Injury Protection Coverage must provide Extended Medical Expense Benefits Coverage at a limit of \$1,000 for no additional charge. This coverage may also be provided at a limit of \$10,000. When coverage is provided at the \$10,000 limit, charge the loss cost shown in state Table **93.A.2.(LC)** for each auto or auto dealer rating unit. This loss cost is not subject to modification under the provisions of any rating plan or other manual rule.

Note: Coverage for pedestrians only must be provided on all autos (other than trailers); see State of New Jersey, Department of Banking and Insurance Order No. A15-106, dated June 30, 2015.

B. Premium Development

Basic Personal Injury Protection is subject to a \$250 deductible for medical expense benefits which applies to each accident.

1. For private passenger types, determine the appropriate Personal Injury Protection base loss cost. For auto dealers, the Liability Coverage base loss costs include pricing for Basic Personal Injury Protection Coverage.
2. For van pools provided with Personal Injury Protection Coverage, determine the combined Liability and Personal Injury Protection Coverage loss cost by multiplying the Liability Coverage base loss cost by the following factor:

Factor
.93

Table 93.B.2.(v.2) Van Pools Combined Liability And Personal Injury Protection Coverages Factor

3. For all other types, multiply the Liability Coverage base loss cost by the following factors:

Coverage	With Tort Limitation	Without Tort Limitation
\$100,000 Liability	.70	1.00
Personal Injury Protection	.11	.11

Table 93.B.3. All Other Types Liability And Personal Injury Protection Coverages Factors

4. For Pedestrian Personal Injury Protection, multiply the "Not Principally Operated By Employees" Private Passenger Type basic Personal Injury Protection loss cost shown in the state company rates/ISO loss costs by the following factor:

Factor
.10

Table 93.B.4. Pedestrian Personal Injury Protection Coverages Factor

C. Basic Personal Injury Protection Coverage Options

1. Individually Owned Autos

If the policy covers individually owned autos, the following options must be provided. These options apply only to the named insured, resident spouse or party to a civil union recognized under New Jersey law, and any resident children of either the named insured, resident spouse or party to a civil union recognized under New Jersey law. Refer to the combined options table in Paragraph **C.4.** for the appropriate personal injury protection rating.

If the named insured selects an amount less than the \$250,000 limit provided by the Personal Injury Protection Coverage endorsement on any private passenger type vehicle not used in the insured's business, that vehicle must be covered under the Personal Auto Program and may not be insured under the Commercial Auto Program.

a. Deductibles

The named insured must be provided the option to purchase medical expense deductibles of \$500, \$1,000, \$2,000 and \$2,500 to replace the \$250 per accident deductible. However, if this option is purchased, persons other than the named insured and resident relatives will be subject to a separate deductible of \$250 per accident. Medical expense benefits payable in any amount between the selected option deductible and \$5,000 are subject to a co-payment of 20%.

b. Non-medical Expense Benefits Elimination

The named insured must be provided the option to eliminate all non-medical expense personal injury protection benefits.

2. Optional Organized Delivery System Waiver

The insurer may provide Personal Injury Protection Coverage that waives the applicable 20% co-payment for medical expense benefits payable between \$250 and \$5,000 as well as the standard \$250 deductible, or any other deductible amount that the insured may have selected, for medical expense benefits in the event that the insured elects to receive medical treatment from a provider that is an organized delivery system (ODS) that has contracted with the insurer, or its Personal Injury Protection vendor. Use New Jersey Personal Injury Protection — Optional Waiver Of Scheduled Medical Expense Benefits Deductible And Co-payment Endorsement **CA 22 68**.

3. Tort Options

The named insured must be provided the option to limit the named insured's statutory right to recover in tort for non-economic loss. Election of a tort option must be in writing and signed by the named insured. If the named insured fails to select an option, he or she will be deemed to have elected the option to limit the right to recover for non-economic loss. The tort option elected applies only to the named insured, resident spouse or party to a civil union recognized under New Jersey law, and any resident children of either the named insured, resident spouse or party to a civil union recognized under New Jersey law, and only for a private passenger auto, as defined by N.J.S.A. 39:6A-2.

a. Private Passenger Types Liability

Multiply the Liability Coverage base loss cost by the following factor to eliminate the tort limitation:

Factor
1.333

Table 93.C.3.a. Private Passenger Types Liability Tort Limitation Elimination Factor

b. Garages And Van Pools

Multiply the Liability Coverage (including Basic Personal Injury Protection Coverage) base loss cost by the following factor to eliminate the tort limitation. This calculation is only for autos with Basic Personal Injury Protection Coverage with a deductible of \$250 for Medical Expenses. For other deductibles and for Medical Expense only coverage, refer to Paragraph **C.4.b**.

Factor
1.172

Table 93.C.3.b. Garages And Van Pools Tort Limitation Elimination Factor

c. Personal Injury Protection

Refer to the combined options table for appropriate personal injury protection rating.

4. Combined Options

a. Private Passenger Types

Multiply the otherwise applicable personal injury protection premium by the appropriate factor in the following table:

PIP Deductible	Factor	
	Basic PIP*	Medical Expenses Only
\$ 250	1.00	.94
500	.96	.90
1,000	.87	.84
2,000	.78	.72

2,500	.75	.69
* Basic PIP is subject to a \$250 deductible for medical expenses and a co-payment amount of 20% for amounts payable between the applicable deductible and \$5,000.		

Table 93.C.4.a. Private Passenger Types Combined Options Factors

b. Garages And Van Pools

(1) Determine the applicable factor from Table 93.C.4.a. based on the deductible and type of coverage provided.

(2) Multiply this factor by the following factor:

Factor
.052

Table 93.C.4.b.(2) Garages And Van Pools Combined Options Factor

(3) Add the result to the applicable factor in the following table:

Limited Tort Liability	Subject To Tort Liability
.948	1.120

Table 93.C.4.b.(3) Garages And Van Pools Subject To Tort Or Limited Tort Liability Factors

(4) Multiply the result by the Liability Coverage (including Basic Personal Injury Protection Coverage) base loss cost.

5. Medical Expense Benefits-as-secondary Option

a. If the named insured is an individual, the named insured must be offered the option to make medical expense benefits secondary to the health benefits plans under which the named insured and resident relatives are covered. If this option is elected, it applies only to the named insured and resident relatives who are not covered under another personal injury protection policy.

b. The named insured must provide proof that the named insured and resident relatives are covered by health insurance coverage or benefits.

c. If the named insured elects the Medical Expense Benefits-as-secondary Option, multiply the otherwise applicable Personal Injury Protection Coverage premium by the following factor:

Factor
.75

Table 93.C.5.c. Medical Expense Benefits-as-secondary Option – Personal Injury Protection Coverage Factor

D. Added Personal Injury Protection

1. This coverage must be offered to individual named insureds who are insured for basic personal injury protection. This coverage should not be provided to insureds who have Personal Injury Protection Coverage only for pedestrians or insureds who have chosen to eliminate non-medical expense benefits. This coverage applies to the named insured including a spouse or party to a civil union recognized under New Jersey law. Use New Jersey Added Personal Injury Protection Coverage Endorsement CA 22 31. Refer to state Table 93.D.1.(LC) for the loss cost per auto or auto dealer rating unit.

2. The option to extend added personal injury protection to resident relatives must be offered to the named insured. Refer to state Table 93.D.2.(LC) for the loss cost for each resident relative.

E. Broadened Personal Injury Protection Coverage For Named Individuals

1. An individual who regularly uses the insured auto may be provided basic personal injury protection by naming the individual as a named insured. Use Named Individuals – Broadened Personal Injury Protection Coverage Endorsement CA 22 01. The loss cost for each named individual is shown in state Table 93.E.1.(LC).

2. Added Personal Injury Protection Coverage may also be provided to the named individual. For each named individual, charge the loss cost shown in state Table 93.D.1.(LC) applicable to the first auto or auto dealer rating unit.

~~F. Medical Expense Benefits Coverage – Motor Bus Passengers~~

~~1. Application~~

~~Every owner or operator of a motor bus, as defined in R.S. 17:28-1.5 must maintain Medical Expense Benefits Coverage – Motor Bus Passengers. Use New Jersey Medical Expense Benefits Coverage – Motor Bus Passengers Endorsement **CA 22 59**. The term motor bus includes, but is not limited to, the following classifications of public autos, that are otherwise not exempted under R.S. 17:28-1.5, except if owned and operated by the New Jersey Transit Corporation:~~

- ~~a. Urban buses~~
- ~~b. Church buses~~
- ~~c. Inter-city buses~~
- ~~d. Airport buses~~
- ~~e. Charter buses~~
- ~~f. Sightseeing buses~~
- ~~g. Buses used to transport Athletes or Entertainers~~
- ~~h. Buses used to transport employees~~
- ~~i. Buses owned by Social Services Agencies~~
- ~~j. Buses not otherwise classified~~

~~2. Premium Development~~

~~To determine the Liability and Medical Expense Benefits Coverages base loss costs, multiply the Liability Coverage base loss cost by the appropriate factor in the following table:~~

Coverage	Factor
\$100,000 Liability	.75
Medical Expense Benefits	.24

Table 93.F.2. Liability And Medical Expense Benefits Coverages Factors

97. UNINSURED MOTORISTS INSURANCE

The following is added to Rule 97.:

A. Application

Uninsured and Underinsured Motorists Bodily Injury and Property Damage Coverage must be provided. Use New Jersey Uninsured And Underinsured Motorists Coverage Endorsement **CA 21 14**. For split limits, also use New Jersey Split Uninsured And Underinsured Motorists Coverage Limits Endorsement **CA 21 77**. This coverage must be provided as an option up to a combined single limit of \$500,000, or at split limits of \$250,000/500,000/100,000, but not at limits greater than the policy's liability limits. Property Damage Coverage is subject to a \$500 deductible.

B. Premium Development

1. Select the appropriate loss costs table as follows:

- a. For single limits Bodily Injury And Property Damage Coverage, refer to state loss costs Table **97.B.1.a.(LC)**.
- b. For split limits Bodily Injury Coverage, refer to state loss costs Table **97.B.1.b.(LC)**. The initial limits provided are the minimum financial responsibility limits required in New Jersey.
- c. For split limits Property Damage Coverage, refer to state loss costs Table **97.B.1.c.(LC)**. The initial limit provided is the minimum financial responsibility limit required in New Jersey.

2. Identify the exposures in this jurisdiction for which coverage applies and a premium will be charged. Exposures include owned self-propelled vehicles and sets of registration plates not issued to a specific auto (including dealer and transporter plates):

a. Separately determine the premium for each such exposure as follows:

(1) Determine the exposure type (Private Passenger Type or Other Than Private Passenger Type). For the purposes of this premium development, Private Passenger Types include exposures which are classified under Section III of this division or are explicitly described as Private Passenger Types elsewhere in this division. Unless instructed otherwise, all other exposures are considered to be Other Than Private Passenger Types, even when rating for other coverages is based on Private Passenger Types.

(2) Within the appropriate loss costs table (single or split limits), locate the column corresponding to the exposure type determined in Paragraph **B.2.a.(1)**.

(3) From within this column, determine the appropriate loss cost based on the desired limit of coverage.

(4) For policies (other than Auto Dealers) issued to individual named insureds, add the amount shown in state loss costs Table **97.B.2.a.(4)(LC)**.

(5) Refer to the rules applicable to the exposure elsewhere in this division for additional premium development instructions, if any.

b. Primary, secondary, fleet, operator experience and use rating factors do not apply.

c. Do not charge a premium for the following:

- (1) Trailers;
- (2) Hired and non-owned autos;
- (3) Owned vehicles which have not been assigned registration plates (such as Auto Dealers' inventory); or
- (4) Registration plates used to transport non-owned autos (such as drive-away contractors rated under Rule **69**).

d. If split limits are provided, do not apply the charge in Table **97.B.2.a.(4)(LC)** for Uninsured Motorists Property Damage Coverage.

98. DEDUCTIBLE INSURANCE

Paragraphs **A.1.** and **A.2.** are replaced by the following:

A. Liability Coverages

1. Compute the premium by multiplying the full coverage \$100,000 bodily injury and property damage liability premium by the factor selected as follows:

Deductible Amount	Combined Single Limit		Property Damage Per Accident	
	Non-zone Rated	Zone-rated	Non-zone Rated	Zone-rated
\$ 250	0.987	0.990	0.988	0.991
500	0.974	0.981	0.976	0.982
1,000	0.951	0.963	0.954	0.966
2,500	0.894	0.917	0.903	0.925
5,000	0.826	0.857	0.847	0.875
10,000	0.743	0.777	0.792	0.818

100,000	0.399	0.429	0.723	0.716

Table 98.A.1. Liability Deductible Factors

2. The following example uses hypothetical loss costs and increased limits factors for a zone-rated risk for illustrative purposes only. You should determine from your individual companies what rates/loss costs and increased limits factors are actually in effect.

\$500,000 bodily injury and property damage liability limit with a \$1,000 zone-rated combined single limit deductible.

- Premium for \$100,000 full coverage — \$2,000.
- \$1,000 deductible factor — .963.
- Premium for \$100,000 limit with a \$1,000 deductible — $(\$2,000 \times .963) = \$1,926$.
- Increased limit factor for \$500,000 limit — 1.53.
- Increment factor over \$100,000 limit — .53.
- Dollar increment amount — $(\$2,000 \times .53) = \$1,060.00$.
- Premium for \$500,000 bodily injury and property damage liability with a \$1,000 deductible — $(\$1,926.00 \text{ plus } \$1,060.00) = \$2,986.00$.
- For deductibles not shown, refer to company.

Paragraph **B.** is replaced by the following:

B. Physical Damage Coverages

Compute the premiums as follows. If a deductible applicable to only Theft, Mischief Or Vandalism is selected for Specified Causes Of Loss Coverage, refer to company. For stated amount rating, refer to Rule 101. At the option of the insured, the comprehensive deductible provisions may be made inapplicable to safety glass breakage. Use Full Safety Glass Coverage Endorsement **CA 04 21**.

1. Private Passenger Types, Trucks, Tractors And Trailers And All Autos Except Zone-rated Risks

a. Computation Procedures

- Determine the base loss cost.
- Use Rule 101. to determine the factor for the age group of the auto being rated. For exposures rated on a stated amount basis, the Age Group factor is always 1.00.
- Multiply the base loss cost by the Age Group factor.
- Use Rule 101. to determine the factor for the original cost new of the auto being rated.
- Subtract the applicable factor for the deductible desired from the Original Cost New factor.

(6) Multiply the result of Paragraph ~~B.1.a.(3)~~ by the result of Paragraph ~~B.1.a.(5)~~. Alternatively, the following equation will give the appropriate loss cost for every desired deductible:

Base loss cost x Age Group factor from Rule ~~101~~. x (Original Cost New factor — deductible factor from Rule ~~98~~).

(7) If the deductible factor is greater than the Original Cost New factor, refer to company.

101. PHYSICAL DAMAGE COVERAGE RATING PROCEDURES

Paragraph A.4. is replaced by the following:

A. Actual Cash Value Premiums

4. Premium Computation

a. Base Premium Development

The physical damage base loss costs do not include the application of the following factors necessary to reflect the applicable original cost new and age group. Thus, in order to develop the base premium:

- Multiply the base loss cost for the desired Physical Damage Coverage by the appropriate Original Cost New factor, then
- Multiply the result by the appropriate Age Group factor.
