UTAH

Countersignature Requirements apply only on a retaliatory basis. If the nonresident agent resides in a state that requires countersignature, follow the procedures of that state. If the nonresident agent's home state does not require countersignature, or if it is a retaliatory or reciprocal state, countersignature is not required.

Exceptions are: risk retention group policies and policies issued to risk purchasing groups.

THE COUNTERSIGNATURE AGENT must be a licensed resident agent who is appointed to the issuing insurance company.

The Los Angeles Regional Office has appointed a resident agent to countersign the policies issued by:

GENERAL INFORMATION:

Utah has no policy countersignature requirement, except that insurers domiciled in any state that requires a fixed fee or commission to be paid to its resident agents for policy countersignature must pay the same fee or commission to the Utah countersigning agent for countersignature of Utah Policies. There are no restrictions on distribution of commissions to licensed resident or nonresident agents who are appointed agents of the issuing company. However, Utah is retaliatory with the home state requirements of nonresident agents. Rebating of commissions is not allowed.

Commissions may not be paid to unlicensed resident and nonresident agents.
