Program Administrator: APU – Amwins Program Underwriters

This Addendum amends your Underwriting Authority Statement, effective as of the date set forth above. Such changes will be integrated in to future Underwriting Authority Statements or superseded by future Addenda

AMENDMENTS TO AUTHORITY (as follows):

This will confirm that you (Awins) do not have to print the Estart confirmation for every account entered/cleared/reserved under the following conditions:

- Any account that generates a block or actionable alert is still required to be printed and maintained in the underwriting file along with evidence and/or underwriting documentation to demonstrate that the block/alert was properly addressed and resolved.
- For “clean” accounts (i.e. no block/alert) the Estart submission number must be reflected in the underwriting file which will serve to demonstrate that the account was cleared/reserved and will allow for the Estart look-up of that account should it be required as part of an underwriting audit, etc.

**CONFIDENTIAL – FOR INTERNAL AIG PROPERTY AND CASUALTY PURPOSES
ONLY**

All other terms and conditions remain unchanged.
